## Foreword

### Intent of Handbook

This handbook is intended to be used by students, parents, and staff as a guide to the rules, regulations, and general information about St. Edward Public Schools. Each student is responsible for becoming familiar with the handbook and knowing the information contained in it. Parents are encouraged to use this handbook as a resource and to assist their child in following the rules contained in this handbook.

Although the information found in this handbook is detailed and specific on many topics, the handbook is not intended to be all encompassing so as to cover every situation does not create a “contract.” The administration reserves the right to make decisions and make rule revisions at any time to implement the educational program and to assure the well-being of all students. The administration will be responsible for interpreting the rules contained in this handbook; the administration will make a decision based upon all applicable school district policies, and state and federal statutes and regulations.

### School Song:

Faithful and true hearted  
Let us boost for our old high  
We revere her and defend her  
As her colors proudly fly,  
We will stand for her united  
Of her deeds we'll gladly tell  
Her colors streaming  
Glad faces beaming  
So here's a cheer for her  
That we all love so well.

Joyous and ever loyal,  
Let us boost for our old high  
Let every heart sing  
Let every voice ring  
There's no time to grieve or sigh  
It's ever onward our course pursuing  
May defend their honor too  
But united we will boost for her  
OUR OLD HIGH SCHOOL . . . . .

### ● **Parent/Guardian/Caring Adult:**

We, as parents, understand that our participation in my child's education will help his/her achievement and attitude. I/we agree to support our child's learning by:

1. Helping our child arrive at school on time, well-rested and prepared each day,
2. Providing a quiet place, time, materials, and assistance with homework,
3. Monitoring their use of media and screen time in general (cell phone, computer, television, video games, etc.) both content and amount of time.

### ● **Student:**

As a student, I realize that education is important to me. I agree to do the following to help me learn:

1. Take pride in my work by trying my best and having my assignments done on time,

- Step 4. Address the concern to the Board of Education if the matter is not resolved at Step 3.

### 2. **Conditions Applicable to All Levels of Complaint Procedure**

All information to be considered at each step should be placed in writing in order to be most effective. Action or decisions will be expedited as quickly as possible, typically within ten (10) calendar days, depending on the nature of the complaint and the need for prompt resolution.

### Severe Weather and School Cancellations

The Superintendent of schools is authorized by the Board of Education to close public schools in case of severe weather. The Superintendent will make the announcement through the district’s School Messenger Mass Notification System and local news media when inclement weather warrants such action. The information is broadcast regularly by the following radio and television stations.

1. Radio: KLIR – FM 101.1; AM 900; FM 110.3; FM 93.5; AM 1510 (Columbus)
2. Television: KOLN –KGIN, channel 10 (Lincoln)

SCHOOL MESSENGER Automated Calling System. The St. Edward Public School will be using this automated calling system to contact parents in the event of a change in the school day schedule (early outs, late starts, etc...). All numbers

provided by parents at registration will be contacted through our notification system. If parents change phone numbers during the course of the year, please contact the office, so we can update the system.

Decision to Close School. A decision to close school is made when forecasts by the weather service and civil defense officials indicate that it would be unwise for students to go to school. If possible, a decision about the next school day will be made prior to 9 p.m. for announcement during the 10 p.m. news. An early decision is not always possible because of uncertain weather conditions. School officials will make periodic assessments of conditions during the night and will decide early in the morning (by 6 a.m. if possible). In any case, an announcement through School Messenger will be made in addition to the news media when the school will be closed. In some instances, schools will be open, but certain services may be canceled (bus transportation, student activities, etc.).

After School Starts. Every attempt will be made to avoid closing school once classes are in session. In some instances, closing school during the day is inevitable if children are to safely return home before the brunt of a major storm hits. In these cases as much advance notice as possible will be given to parents. If school is closed during the day, the notice will be broadcast by School Messenger and parents should have a plan in place to accommodate these circumstances.

Parental Decisions. Parents may decide to keep their children at home in inclement weather because of personal circumstances. Students absent because of severe weather when school is in session will be marked absent. The absence will be treated like any other absence for legitimate causes in inclement weather at any time during the school day. Students will not normally be dismissed from school during severe weather on the basis of a telephone request.

What Not To Do. Parents should not attempt to come to school during a tornado warning. **School officials are not permitted to release students from the school building during a tornado warning.** Tornado safety procedures are practiced regularly by students and staff members.

Also, parents are urged not to call radio and television stations or the school building during severe weather. Every effort will be made to provide accurate and timely information through the School Messenger or media.

Emergency Conditions. St. Edward Public School District has a signal which, when activated, includes the necessity to either evacuate the building or to move to safer areas of the building. All regular drills are held as required by law through the school year. There are plans for Emergency Exit system, Tornado Warning System, and Critical Incident Response.

### **Supervision Responsibility Before/After School**

#### Arrival at School/dismissal From School

Students are expected to arrive at school no more than 15 to 20 minutes prior to the first class or school program in which they are participating. **Prior to that time, the school is not responsible for supervision of the students.** Students will not be admitted to the school building until 15 minutes prior to the first class. Students will not be permitted to enter earlier unless the Principal determines it to be necessary due to inclement weather or other factors. Students are to enter through their assigned entrance and proceed to designated areas.

Students will be dismissed at the end of the last period of the school day unless there are other circumstances (early dismissal, detention, etc.). Upon dismissal, students must leave the school grounds and proceed home or to a previously designated location unless participating in a school-sponsored activity. **The school is not responsible for supervision of students once the students are to have left school grounds.**

Certain days on the calendar are “shortened days,” meaning that the school day starts or ends other than on the normal schedule. Parents are strongly encouraged to be aware of those days, so their children are not left in an unsupervised situation or without a means to get home upon dismissal.

#### **Morning and After school Transportation of Elementary Students**

For the safety of St. Edward Public School Elementary students, we are requesting parents **drop off their students on the East Side of the school (traveling north to south) and on the South Side of the school (traveling from east to west.** When picking up your student, drive or park facing the appropriate directions mentioned above. The flow of traffic will

enable the students to safely enter and exit vehicles without the possibility of being harmed by on-coming traffic the students cannot see. Please pick up and drop off students in the specified zones. We appreciate your cooperation.

### Signing A Child In And Out Of School

Parents or guardians are required to sign their children in and/or out of school if they are entering after their first class or leaving prior to their final class. The parent or guardian must report to the main office for this purpose using the Buzzer System on the West Entrance of the School. Parents are not to go directly to the classrooms. The sheet for signing a child in and/or out of school is located on the front counter of the main office. If a child is being signed out, the school secretary will call the appropriate classroom and indicate to the teacher that the child is leaving. The schools will only release children to adults designated by the parent on the emergency card.

Special circumstances, such as a court order limiting access to a student by a parent or guardian, affecting who a student can be released to, the parent must inform the Principal and provide the Principal with a copy of that order to maintain on file at the school.

### Supervision at Dismissal

Parents or guardians of children in grades K-6, where the child does not use district-provided transportation after dismissal, may request the school or program not release the child to walk home after dismissal unless the child is released to the parent or legal guardian or an escort designated by the parent or guardian. The parent or guardian may designate up to 2 escorts. Parents or guardians requesting their children only be released to the parent or guardian or a designated escort after dismissal must submit a completed written request with the Principal to this effect.

Students who leave before the end of the day are to be signed out by a parent or guardian or an escort designated by the parent or guardian.

### Emergency Contact Procedures

Parents are requested to provide an emergency contact telephone number to have on file in the event of an emergency closing or any other general or individual situation that requires the immediate presence of a parent/guardian. In the event that parents do not have such a number or cannot be contacted, it will be assumed the parent has instructed their children concerning the procedure they are to follow should school be dismissed early. Realizing that the school might be unable to reach all parents, it is suggested all children be advised as to what they are to do should they ever be dismissed early. It is recommended that parents give their children an alternate destination and the building principal be made aware of the information.

If conditions allow and supervision is available in the event of an early dismissal, the child will be held in school until the normal dismissal time. If the parent or guardian has not arrived to pick up the child by the normal dismissal time, **law enforcement or child protective services may be contacted to ensure the safety of the child.**

## *Use of Building and Grounds*

### Visitors

All visitors must report to the office, upon entering the West entrance through the Door Buzzer System, to sign in. Visits to classrooms during the first week of school and the last week of school may be limited to ensure a smooth transition of the educational process. Visits by parents to classrooms are encouraged; provided the visits do not disrupt the educational program, individual students, or create a safety concern. The school asks that parents drop off their child at the designated area at the start of the day and pick up outside the building at the end of the day, no loitering.

### Smoke, Tobacco and Vape Free Environment

St. Edward Public School declares all of our school buildings and grounds to be smoke-free. We would appreciate your help in meeting the goal of a smoke, tobacco, and vape free environment for the District's students. When attending school events, remember that our grounds are smoke and tobacco-free and abide by the District's policy.

### **Care of School Property**

1. Students are responsible for the proper care of all textbooks, library books, assignment books, equipment, supplies and furniture supplied by the school. Students losing or damaging books beyond ordinary wear will be required to pay for the damage done.
2. Students who damage property or equipment will be required to pay for the damage done or replace the item.
3. Fines will be determined by the school administrator (s).

School-issued items which are stolen or damaged from unlocked lockers are the responsibility of the student to whom they were issued. Students must pay all fines before they can receive school publications and final grades.

### **Assignment/Pass Book/Student Planners**

All 2<sup>nd</sup> through 12<sup>th</sup> grade students will receive a student planner on the first day of school. Students are expected to carry their planners with them to all classes during the school day. The planner is each student's responsibility and should be maintained every day. The students will be expected to track all assignments and/or projects with their planners.

If a student needs to be pre-excused, he/she should check with each teacher for his or her assignments and write them in his/her planner. If a student loses his/her planner, he/she may buy a new one from the office for a replacement cost of \$5.00.

**Student Passes** are also tracked through the student planner. A student should not leave a class, but if necessary he/she must have a pass. The following are possibilities for leaving the classroom. If these are abused the policy may be discontinued:

1. Need supplies which a teacher feels the student must have.
2. Restroom.
3. Office.

If a student is late to class without an appropriate signature from their teacher in the assignment book, the student will be counted tardy.

### **Lockers/Storage Space**

Each student will be assigned a locker or other storage space. Students must use their own space and are not to share storage space with other students except as assigned by school officials. Students are expected to keep all books, etc., in their assigned storage area. Students are also responsible for the cleanliness of their storage area. Students may be assessed a fine for damage to their locker or storage space.

School-issued items that are stolen or damaged from unlocked lockers are the responsibility of the student to whom they were issued. Students must pay all fines before they can receive school publications and final grades. School locks are available upon request.

### **Searches of Lockers and Other Types of Searches**

Lockers or other storage areas, desks, computer equipment, and other such property are owned by the school. The school exercises exclusive control over school property. Students should not expect privacy regarding usage of or items placed in or on school property, including student vehicles parked on school property, because school property is subject to search at any time by school officials. Periodic, random searches of lockers or other storage areas, desks, computers and other such property may be conducted in the discretion of the administration.

The following rules shall apply to searches of students, of a student's personal property, to the seizure of items in a student's possession or control:

1. School officials may conduct a search if there is a reasonable basis to believe that the search will uncover evidence of a crime or a school rule violation. The search must be conducted in a reasonable manner under the circumstances.
2. Illegal items or other items reasonably determined to be a threat to the safety of others or a threat to educational purposes may be taken and kept by school officials. Any firearm or other weapon shall be confiscated and delivered to law enforcement officials as soon as practicable.
3. Items which have been or are reasonably expected to be used to disrupt or interfere with the educational process (that is, “nuisance items”) may be removed from student possession.

### **Video Surveillance**

The Board of Education has authorized the use of video cameras on School District property to ensure the health, welfare and safety of all staff, students and visitors to District property, and to safeguard District facilities and equipment. Video cameras may be used in locations as deemed appropriate by the Superintendent.

Notice is hereby given that surveillance may occur in District property. In the event a video surveillance recording captures a student or other building user violating school policies or rules or local, state or federal laws, the video surveillance recording may be used in appropriate disciplinary proceedings against the student or other building user and may also be provided to law enforcement agencies.

### **Use of Telephones**

Students will not be allowed to use **cellular phones or any other personal electronic devices** in the school building during school academic hours, 8:00 a.m. - 3:45 p.m. Refer to the Electronic Device Policy section of this handbook.

**In-coming calls:** Pupils will not be called to the phone from the classroom except in the case of extreme emergency. If it is not necessary to talk to the pupil, the message will be written down and delivered to the student or their classroom teacher at the earliest convenience. When necessary, the student will be asked to return a call when it is a convenient time for them to do so.

**Out-going calls:** There is a telephone in the Common’s area for student use. It is available before school, after school, and during inclement weather.

### **Bicycles**

Bicycles must be parked in the racks provided. It is recommended bicycles should be equipped with locks. The school is not responsible for damage or theft of parts while bicycles are on school property.

### **Student Valuables**

Students, not the school, are responsible for their personal property. Students are cautioned not to bring large amounts of money or items of value to school. If it is necessary to bring valuable items or more money than is needed to pay for lunch, leave the money or valuables with a staff member in the school office for temporary and safe-keeping. Even then, the school is not in a position to guarantee that the student’s property will not be subject to loss, theft, or damage.

All students must have separate P.E. or other school approved shoes, which do not mark the gym floor. It is recommended all shoes be tested before they are purchased and worn. School personnel, especially the P.E. instructor, will be glad to assist you in this matter.

Students are to have overshoes/snow boots when snow and muddy conditions exist. If a student does not have overshoes/snow boots, another pair of shoes may be worn outside but the student will need to put his classroom shoes back on when returning into the building.

### **Lost and Found**

Students who find lost articles are asked to take them to the office, where the owner can claim the articles. If articles are lost at school, report that loss to office personnel.

### **Accidents**

Every accident in the school building, on the school grounds, at practice sessions, or at any athletic event sponsored by the school must be reported immediately to the Principal or Athletic Director.

### **Laboratory Safety Glasses**

As required by law, approved safety glasses will be required of every student and teacher while participating in or observing vocational, technical, industrial technology, science, and art classes. All visitors to these areas must check out a pair of safety glasses when entering any of these areas.

### **Insurance**

Under Nebraska law the District may not use school funds to provide general student accident or athletic insurance. The District encourages all student participants in athletic programs to have injury and accident insurance and encourages all students who are in classes with risk of personal injury or accident to have insurance coverage. The district does not make recommendations, nor handle the premiums or claims for any insurance company, agent or carrier. Information about student insurance providers will be available in the school office.

### **Bulletins and Announcements**

Bulletin boards and display cases are available for school-related and approved materials to be posted and displayed. Posters to be used in the halls or materials for distribution will need to be approved and stamped or initialed by the Principal. Posters are not to be attached to any painted wall surfaces without the use of office approved adhesive. Place posters on glass, metal, brick, wood or special clips. The person or organization responsible for distributing the posters is responsible to see that all posters are removed within 48 hours after the event.

### **Copyright and Fair Use Policy**

It is the school's policy to follow the federal copyright law. Students are reminded that, when using school equipment and when completing course work, they also must follow the federal copyright laws. The federal copyright law governs the reproduction of works of authorship. Copyrighted works are protected regardless of the medium in which they are created or reproduced; thus, copyright extends to digital works and works transformed into a digital format. Copyrighted works are not limited to those that bear a copyright notice.

The "fair use" doctrine allows limited reproduction of copyrighted works for educational and research purposes. The relevant portion of the copyright statute provides that the "fair use" of a copyrighted work, including reproduction "for purposes such as criticism, news reporting, teaching (including multiple copies for classroom use), scholarship, or research" is not an infringement of the copyright:

- The purpose and character of the use, including whether such use is of a commercial nature or is for nonprofit educational purposes;
- The nature of the copyrighted work;
- The amount and substantiality of the portion used in relation to the copyrighted work as a whole, and
- The effect of the use upon the potential market for or value of the copyrighted work.

Although all of these factors will be considered, the last factor is the most important in determining whether a particular use is "fair." Students should seek assistance from a faculty member if there are any questions regarding what may be copied.

Copyright and Fair Use Policy violations are listed below:

- The first offense will be a 20% reduction of the assignment.

- The second offense will be a 0% for the assignment.
- The third offense will be failing the class.

### **Respect for Persons and Property**

Students are expected to exhibit responsibility by showing respect for persons and property. Students also have responsibility neither to take nor damage the property of other students, school personnel or the District.

### **Bus Rules/Procedures**

When riding on a bus (route, activity, or school van), students will obey all school bus policies and school regulations. The primary concern of the bus driver is to transport students safely; therefore, the driver should not be distracted while driving the bus. Once students board the bus, they are to remain in their seats until the final destination has been reached. Loud or boisterous conduct will not be permitted. Bus drivers may be permitted to assign seating if a student or students do not obey school bus rules. Students will not be permitted to extend their arms, head, etc., out the windows or shout out of the windows; students are to be courteous to the driver and others on the bus. Other than in an emergency, students are not to open or unload by way of the rear emergency door.

Bus aisles shall be kept clear at all times. No feet, arms, or legs shall be in the aisle (correct posture in the seat is required). All loose equipment will be stored under the seats. The driver will determine if food or beverages are to be consumed on the bus. No glass bottles will be allowed. The activity sponsor will be responsible to make sure all areas are clean of any waste.

### **Student Motor Vehicles**

No motor vehicle driven to school shall be moved from its parking space after arrival in the morning until after dismissal at the end of the day without permission from the principal. Students WILL NOT return to their motor vehicles after they enter the school until it is time to leave the school grounds with the automobile. Motor vehicles will not be a spot to congregate during lunchtime. If students go outside, they will remain on the sidewalks. No student will drive his/her motor vehicle to any out-of-town school activity if he/she is participating in the school activity.

Student Motor Vehicle violations are listed below:

- The first offense is a warning.
- The second offense is one week with no lunch open campus.
- The third offense is one month with no lunch open campus.
- The fourth offense is complete loss of lunch open campus for the remainder of the year.

### **Pets at School**

Regarding children bringing pets to school, the following rules are to be followed:

1. Please arrange with the classroom teacher in advance for a time to bring the pet.
2. All dogs and cats brought to school must have been immunized against rabies.
3. Pets are to be brought by the parent and taken home after the showing.
4. If a small pet is kept in the classroom, its cage must be kept clean and sanitary conditions maintained.

Handling of pets should be discouraged. Pets are not allowed at school activities or functions, unless they are a service animal.

### **Playground**

No secondary students are allowed on the elementary playground during the school day. Snowball and rock throwing is not allowed. Any problems on the playground are to be dealt with by the person on duty. If problems continue, parents and administration will be informed.

## Attendance Policy and Excessive Absenteeism

### Attendance Policy

Regular and punctual student attendance is required. The administration is responsible for developing further attendance rules and regulations, and all staff are expected to implement this policy and administrative rules and regulations to encourage regular and punctual student attendance. The District will maintain an accurate record of student attendance.

#### A. Attendance and Absences.

1. Circumstances of Absences – Definitions. The circumstances for all absences from school will be identified as School Excused or Not School Excused. Absences should be cleared through the Principal's office in advance whenever possible. All absences, except for illness and/or death in the family, require advance approval.

a. School Excused. Any of the following circumstances that lead to an absence will be identified as a School Excused absence, provided the required attendance procedures have been followed:

(1) Impossible or impracticable barriers outside the control of the parent or child prevent a student from attending school. The parent may be required to provide the school with documentation to demonstrate the absence was beyond the control of the parent or child. This could include, but is not limited to documented illness (including physical or mental illness), court, death of a family member, or suspension.

(2) Other absences as determined by the principal or the principal's designee.

b. Not School Excused. Absences that are not school excused may result in a report to the county attorney and may be classified as follows:

(1) Parent acknowledged absences are those in which the parent communicated with the school in the prescribed manner that the child is absent and is the parent's responsibility for the extent of the school day. This includes vacations or other events that do not meet the criteria for a School Excused absence.

(2) Other absences are those in which the parent has not communicated a reason for the student's absence.

2. Absence Procedure. In its Student Information System, the District may identify many different codes that provide greater definition to the circumstances of a child's absence, but all of the codes need to be identified to parents and students as fitting into one of the above defined absence circumstances.

3. Mandatory Ages of Attendance. A child is of mandatory age if the child will reach age 6 prior to January 1 of the then-current school year and has not reached 18 years of age.

Exceptions for Younger Students. Attendance is not mandatory for a child who has reached 6 years of age prior to January 1 of the then-current school year, but will not reach age 7 prior to January 1 of such school

year, if the child's parent or guardian has signed and filed with the school district in which the child resides an affidavit stating either: (1) that the child is participating in an education program that the parent or guardian believes will prepare the child to enter grade one for the following school year; or (2) that the parent or guardian intends for the child to participate in a school which has elected or will elect pursuant to law not to meet accreditation or approval requirements and the parent or guardian intends to provide the Commissioner of Education with a statement pursuant to section 79-1601(3) on or before the child's seventh birthday.

Exceptions for Older Students. Attendance is also not mandatory for a child who: (1) has obtained a high school diploma by meeting statutory graduation requirements; (2) has completed the program of instruction offered by a school which elects pursuant to law not to meet accreditation or approval requirements; or (3) has reached the age of 16 years and has been withdrawn from school in the manner prescribed by law.

Early Withdrawal for Students Enrolled in Accredited or Approved Schools. A person who has legal or actual charge or control of a child who is at least 16 but less than 18 years of age may withdraw such child from school before graduation and be exempt from the mandatory attendance requirements if an exit interview is conducted and a withdrawal form is signed.

Exit Interview. The process is initiated by a person who has legal or actual charge or control of the child submitting a withdrawal form. The form is to be as prescribed by the Commissioner of Education. Upon submission of the form, the Superintendent or Superintendent's designee shall set a time and place for an exit interview if the child is enrolled in St. Edward Public Schools or resides in the St. Edward Public School District and is enrolled in a private, denominational, or parochial school.

The exit interview shall be personally attended by:

- The child, unless the withdrawal is being requested due to an illness of the child making attendance at the exit interview impossible or impracticable;
- the person who has legal or actual charge or control of the child who requested the exit interview;
- the Superintendent or Superintendent's designee;
- the child's principal or the principal's designee if the child at the time of the exit interview is enrolled in a school operated by the school district; and
- any other person requested by any of the required parties who agrees to attend the exit interview and is available at the time designated for the exit interview which may include, for example, other school personnel or the child's principal if the child is enrolled in a private school.

At the exit interview, the person making the written request must present evidence that (a) the person has legal or actual charge or control of the child and (b) the child would be withdrawing due to either:

- financial hardships requiring the child to be employed to support the child's family or one or more dependents of the child, or
- an illness of the child making attendance impossible or impracticable.

The Superintendent or Superintendent's designee shall identify all known alternative educational opportunities, including vocational courses of study, that are available to the child in the school district and

how withdrawing from school is likely to reduce potential future earnings for the child and increase the likelihood of the child being unemployed in the future. Any other relevant information may be presented and discussed by any of the parties in attendance.

At the conclusion of the exit interview, the person making the written request may sign a withdrawal form provided by the school district agreeing to the withdrawal of the child or may rescind the written request for the withdrawal.

Withdrawal Form. Any withdrawal form signed by the person making the written request shall be valid only if:

- the child also signs the form, unless the withdrawal is being requested due to an illness of the child making attendance at the exit interview impossible or impracticable, and
- the Superintendent or Superintendent's designee signs the form acknowledging that the interview was held, the required information was provided and discussed at the interview, and, in the opinion of the Superintendent or Superintendent's designee, the person making the written request does in fact have legal or actual charge or control of the child and the child is experiencing either (i) financial hardship, or (ii) an illness making attendance impossible or impracticable.

Early Withdrawal for Students Enrolled in an Exempt School (Home Schools). A person who has legal or actual charge or control of a child who is at least 16 but less than 18 years of age may withdraw such child from school before graduation and be exempt from the mandatory attendance requirements if such child has been enrolled in a school that elects not to meet the accreditation or approval requirements by filing with the State Department of Education a signed notarized release on a form prescribed by the Commissioner of Education.

4. Reporting and Responding to Excessive Absenteeism. Any District staff member or board member who knows of any failure on the part of any child of mandatory school attendance age to attend school regularly without lawful reason, shall within three days report such violation to the Superintendent or Superintendent's designee to be the attendance officer. The attendance officer shall immediately cause an investigation into any such report to be made. The attendance officer shall also investigate any case when of his or her personal knowledge, or by report or complaint from any resident of the district, the attendance officer believes there is a violation of the compulsory attendance laws. The school shall render all services in its power to compel such child to attend school

5. Excessive Absenteeism. Students who accumulate five (5) unexcused absences in a quarter which are Not School Excused shall be deemed to have "excessive absences." Such absences shall be determined on a per day (or hourly equivalent) basis for elementary students and on a per class basis for secondary students. When a student has excessive absences, school officials will have verbal or written communication with the person or persons who have legal or actual charge or control of any child.

When a student continues thereafter to have absences of at least twenty days which are Not School Excused, one or more meetings will be held between the school, the child's parent or guardian, and the child, when appropriate, to address the barriers to attendance. The result of the meeting or meetings shall be to develop a collaborative plan to reduce barriers identified to improve regular attendance. The plan shall include, if agreed to by the person who is responsible for making educational decisions on behalf of the child, an educational evaluation to determine whether any intellectual, academic, physical, or social-emotional

barriers are contributing factors to the lack of attendance. The plan shall also consider, but not be limited to:

- (a) The physical, mental, or behavioral health of the child.
- (b) Educational counseling;
- (c) Referral to community agencies for economic services;
- (d) Family or individual counseling; and
- (e) Assisting the family in working with other community services.

If the parent/guardian refuses to participate in such meeting, the principal shall place documentation of such refusal in the child's attendance records.

6. Reporting Excessive Absenteeism to the County Attorney.

The school may report to the county attorney of the county in which the person having control of the student resides when the school has documented the efforts to address excessive absences, the collaborative plan to reduce barriers identified to improve regular attendance has not been successful, and the student has accumulated more than twenty (20) absences per school year. The school shall notify the child's family in writing prior to making the referral to the county attorney. Illness (including physical or mental illness) that makes attendance impossible or impracticable shall not be the basis for referral to the county attorney.

## Attendance Guidelines

### 5-8-10 Rule

When a student has accumulated **Five (5) absences** (daily or per class), a direct phone call from the principal or office staff (or certified letter in the case contact cannot be made by phone) will be made to the parent/guardian informing them of the number of absences for that student. The parent/guardian may appeal absences due to illness with documentation from a doctor or school nurse.

When the student has accumulated **Eight (8)** absences (daily or per class), the parent/guardian and student will be required to meet with the Attendance Committee to discuss the situation and develop a collaborative plan to improve regular attendance. At this meeting he/she will be required to qualify accumulated absences. With the agreement of the parent/guardian and the Attendance Committee, special needs or requests could be arranged to best help the student prevent any further absences.

When a student has accumulated **Ten (10)** absences for semester classes or **Twenty 20** for year-long classes, the County Attorney may be notified (RE: Nebraska Statute 79-209) if the student is not more than eighteen years of age. For all students, regardless of age, the Attendance Committee will meet to create a collaborative plan to improve attendance and/or discuss the partial or full loss of credit for the classes that the student is currently enrolled in or to implement an educational plan to serve a student with special needs. This will be done on a case-by-case basis. The Attendance Committee shall make its recommendation in writing to the Superintendent.

## Attendance Committee

The Attendance Committee will consist of:

- Principal

- Superintendent
- At least One Classroom Teachers and/or Guidance Counselor
- Attendance Secretary

An attendance meeting will be held when, at the minimum one administrator, one classroom educator/counselor and the attendance secretary are present. A minimum of three members of the attendance committee must be present for the meeting. All classroom educators are potential members of the attendance committee.

### **Tardy Policy**

A tardy is a failure by a student to be in their assigned classroom when the tardy bell rings. Tardy students should go immediately to class. The only way for a student to dismiss/excuse a tardy is to bring a signed explanation from another staff member. Otherwise, the teacher records the tardy and will meet with the student immediately following class time to inform and possibly to arrange a detention. Each teacher will record and administer the following discipline for each tardy per quarter.

### **High School Attendance Policy**

**The following are per quarter per class.**

1 <sup>st</sup> Tardy	Warning
2 <sup>nd</sup> Tardy	15 minutes detention
3 <sup>rd</sup> Tardy	30 minutes detention
4 <sup>th</sup> Tardy	45 minutes detention (Teacher notifies parent/guardian)
5 <sup>th</sup> Tardy	Full Day of In-School-Suspension

Any additional tardiness and the student will receive detention or suspension which will be assigned at the discretion of the shared decision of the teacher and Principal.

\*An excessive tardy is anytime the student is more than 5 minutes late. If the student is late to class by more than half of the class period, the tardy is recorded and treated as an **absence** and will count toward the 5-8-10 rule.

All detention will be served at a time and place agreed upon by both the teacher and the student typically that day. Teachers may arrange to have students serve detention either before or after school, and can arrange to have other staff members supervise the detention. Detention time will double if the student fails to make arrangements with the teacher or fails to appear for detention. Students failing to make arrangements or to appear a second time will be referred to the administration. Students who have multiple detentions with multiple teachers must make arrangements with those teachers to make up a detention per day in order to avoid the consequences of missing/skipping other detentions.

Additional consequences for students that are habitually late and/or failure to report to and makeup tardy detention will be at the discretion of the administration. These consequences may include but not limited to; the loss of open campus privileges, ineligibility for activities, ISS, OSS.

### **Leaving the School Building & Returning After an Absence**

Students who must leave school for any reason during the school day **must check out** at the office before leaving. Students leaving school must be cleared in advance by a note or phone call from the student's parent or legal guardian. Upon returning to school, students are expected to check in at the office. Students who leave without permission and without signing out in the proper manner will be considered truant.

A student returning to school after being absent must bring a written note from his/her parent(s) or guardian(s) stating the reason for the absence unless the absence was prearranged. The excuse should be presented in the principal's office. An admit slip will be issued to the student permitting him/her to return to his/her classes.

When it is necessary for a student to be absent for any reason, the parent or guardian of the student should call the school office to verify the reason for the absence. If no phone call is received by the office, the student will be required to bring a note explaining the reason for the absence. This note must be dated and signed by a parent or guardian. If you forget your note, you will be asked to phone your parents to verify the reason for the absence to the principal or the secretary. **If no phone call or note is received by the office, the absence may be considered truancy.**

### **Attendance is Required to Participate in Activities**

Students must attend school all day of any scheduled school activity in order to participate in the activity. This includes sports contests, practice, music and band events, dances and any other extracurricular activities. Failure to attend on that day will result in a student being withheld from participation in the activity. Participants are expected to travel with the team to and from out of district activities. Exceptions may be made for extenuating circumstances, such as doctor/dentist appointments or family emergencies. A note from the doctor's office will be required to be deemed an excused absence. The exception must be approved by the principal or designee.

An UNEXCUSED absence on the school day prior to the activity, including weekend activities, will result in the student being withheld from participation in the activity. Exceptions may be made at the principal's discretion to include pre-excused absence and emergency absence as noted above.

Seniors' final month-Any senior who is unexcused during his/her final four weeks of school will be required to make up his/her time prior to graduation. Failure to do so will jeopardize his/her participation in the graduation ceremony. If seniors miss too much school and are in the absence protocol, then they must make arrangements to make up time before graduation. **Senior skip day will be a school sponsored event near the end of the year.** Any other student-arranged skip day will result in an unexcused absence.

### **Make-up Work**

Make-up work for Absences: students will be given two days to make up work missed for each day absent immediately following the return to school. Example: Two days absence = 4 school days to complete missed work. This is a maximum unless there are extenuating circumstances.

Pursuant to Nebraska Statute §79-201, the mandatory ages of attendance for truancy purposes are as follows: Every person residing in a school district within the State of Nebraska who has legal or actual charge or control of any child who will reach age 6 prior to January 1 of the then-current school year and has not reached 18 years of age, and has not graduated from high school, shall cause such child to enroll in and attend regularly the public schools each day that such schools are open and in session, except when excused by school authorities, or when illness or severe weather conditions make attendance impossible or impractical.

Exceptions for Younger Students. Attendance is not mandatory for a child who has reached the age of 6 years of age prior to January 1 of the then-concurrent school year, but will not reach age 7 prior to January 1 of such school year, if the child's parent or guardian has signed and filed with the school district in which the child resides an affidavit stating either: (1) that the child is participating in an education program that the parent or guardian believes will prepare the child to enter grade one for the following school year; or (2) that the parent or guardian intends for the child to participate in a school which has elected or will elect pursuant to law not to meet

accreditation or approval requirements and the parent or guardian intends to provide the Commissioner of Education with a statement pursuant to section §79-1601(3) on or before the child's seventh birthday.

Exceptions for Older Students. Attendance is also not mandatory for a child who: (1) has obtained a high school diploma by meeting statutory graduation requirements; (2) has completed the program of instruction offered by a school which elects pursuant to law not to meet accreditation or approval requirements; or (3) has reached the age of 16 years and has been withdrawn from school in the manner prescribed by law.

Early Withdrawal for Students Enrolled in Accredited or Approved Schools. A person who has legal or actual charge or control of a child who is at least 16 but less than 18 years of age may withdraw such child from school before graduation and be exempt from the mandatory attendance requirements if an exit interview is conducted and a withdrawal form is signed.

Exit Interview. The process is initiated by a person who has legal or actual charge or control of the child submitting a withdrawal form. The form is to be as prescribed by the Commissioner of Education. Upon submission of the form, the Superintendent or Superintendent's designee shall set a time and place for an exit interview if the child is enrolled in St. Edward Public Schools or resides in the St. Edward Public School district and is enrolled in a private, denominational, or parochial school.

The exit interview shall be personally attended by:

- The child, unless the withdrawal is being requested due to an illness of the child making attendance at the exit interview impossible or impracticable;
- The person who has legal or actual charge or control of the child who requested the exit interview'
- The Superintendent or Superintendent's designee;
- The child's principal or the principal's designee if the child at the time of the exit interview is enrolled in a school operated by the school district; and
- Any other person requested by any of the required parties who agrees to attend the exit interview and is available at the time designated for the exit interview which may include, for example, other school personnel or the child's principal if the child is enrolled in a private school.

At the exit interview, the person making the written request must present evidence that (a) the person has legal or actual charge or control of the child and (b) the child would be withdrawing due to either:

- Financial hardships requiring the child to be employed to support the child's family or one or more dependents of the child, or
- An illness of the child making attendance impossible or impracticable.

The Superintendent or Superintendent's designee shall identify all known alternative educational opportunities, including vocational courses of study, that are available to the child in the school district and how withdrawing from school is likely to reduce potential future earnings for the child and increase the likelihood of the child being unemployed in the future. Any other relevant information may be presented and discussed by any of the parties in attendance.

At the conclusion of the exit interview, the person making the written request may sign a withdrawal form provided by the school district agreeing to the withdrawal of the child OR may rescind the written request for the withdrawal.

Withdrawal Form. Any withdrawal form signed by the person making the written request shall be valid only if:

- The child also signs the form, unless the withdrawal is being requested due to an illness of the child making attendance at the exit interview impossible or impracticable, and
- The Superintendent or Superintendent's designee signs the form acknowledging that the interview was held, the required information was provided and discussed at the interview, and, in the opinion of the

Superintendent or Superintendent’s designee, the person making the written request does in fact have legal or actual charge or control of the child and the child is experiencing either (i) financial hardship, or (ii) an illness making attendance impossible or impracticable.

Early Withdrawal for Students Enrolled in an Exempt School (Home Schools). A person who has legal or actual charge or control of a child who is at least 16 but less than 18 years of age may withdraw such child from school before graduation and be exempt from the mandatory attendance requirements if such child has been enrolled in a school that elects not to meet the accreditation or approval requirements by filing with the State Department of Education a signed notarized release on a form prescribed by the Commissioner of Education.

### Promotion, Retention

The professional staff of the school will place pupils in the subjects and at the grade level best suited to them academically, socially, and emotionally. Pupils will normally progress annually from grade to grade and from subject to subject as reasonable success is accomplished in the courses of the student’s schedule. Exceptions in promotion may be made when, in the judgment of the professional staff, such exception would be in the best interests of the student involved. Parents are encouraged to monitor the progress of their students and communicate frequently with their teachers.

1. **High School Grades 9 – 12:**

Students in grades 9 – 12 need to meet the requirements for graduation (Section 11). Students are classified by the Class of “year” once they enter their freshman year. (i.e., class of 2024 for this current year). Students are expected to meet requirements for a four-year period, which will enable them to graduate. If students do not pass requirements, they are still classified by their class year designation; however, they may need to retake a freshman or sophomore level class during their third or fourth year of high school.

2. **Promotion and Retention for Grades 7 – 8:**

In order for a student to be promoted from grades 7 and 8, he/she MUST pass 6 semesters each year from the following core classes: English, Math, Science, and Social Studies. A student may not fail the first and second semesters of the same subject.

3. **Promotion and Retention for Grades K – 6:**

A student may be retained at a grade level or be required to repeat a course or program when such is determined in the judgment of the professional staff to be appropriate for the educational interests of the student and the educational program.

Students who will be considered for retention or in whose case promotion is in question, will be required to go through the Student Assistance Team (SAT) process. Each case will be judged independently by the administration. School personnel and parental input may be involved in the final decision. Possible placement in the next grade level could result based on input provided.

### **Schedule Changes**

Students needing schedule changes should notify the principal or counselor. Schedule changes must be initiated/signed by the teachers involved, the principal or school counselor, and students' parents. Final approval of all schedule changes will be made by the principal or counselor only.

### **Academic Reports**

Various supplemental reports may be sent to parents throughout the school year concerning student's performance. These reports may describe student work of an exceptional nature or work in which needs improvement. These reports will be sent as the teacher determines. Included in the academic improvement report will be a request from the teacher for parents to contact the teacher by phone to discuss the student's academic progress. Teachers will arrange with the parents for days when the student can meet with the teacher outside the regular class period until the student returns to satisfactory academic standing.

#### **1. Weekly Reports:**

- High School Academic reports will be sent to students and parents weekly, using PowerSchool, starting the third Thursday of each semester for semester long courses, and the third Thursday of each quarter for quarter long courses, for students who have an average of 74% or below in any one of his/her classes.
- K-6 students: Folders will be sent home once a week for progress reports and behavior issues. In addition, low grades will be mailed weekly starting the third Monday of each quarter.

#### **2. Reports Cards:** Report cards are issued at the end of each quarter, or nine-week sessions. Grades are used to designate a student's progress.

### **Academic Requirements**

Academic and eligibility requirements for 7-12 grade students will be determined by the local policy on a weekly basis. All instructors will maintain the most current grades on PowerSchool on a daily basis. An academic report will be generated on Wednesday of each week, by 3:00 p.m. Eligibility lists are prepared weekly except for the first two weeks of a new semester. Students are ineligible for activity participation or going with the team or group if it leaves prior to the end of the school day (excluding graded activities), the following week if they are failing more than one class, or failing the same class for more than one consecutive week. Eligibility weeks begin on Sunday and end on Saturday. Reports of pupil progress, either failing or about to fail, are sent home to parents/guardians from the school each week grade reports are produced. Any students who appear on the weekly academic report who has an average of 70% - 74% in one or more of his/her classes will be placed on academic probation. Student progress reports will be sent to the parent/guardian of any student with a failing grade following the weekly grade check.

Teachers may use discretion in the identification of a student with an incomplete for the academic list. All students, probation or ineligible, will be notified on Thursday morning of his or her academic status. Parents will be notified with an email through School Messenger on Thursday as well.

Ineligible students will, at the sponsor's discretion, be allowed to attend activity practices, use practice time for study at school, or study at home. The decision of the ineligible student attending activity practice, studying at school, or studying at home for the ineligible class will be the decision of the individual coach or sponsor. Parents will be notified if a practice time will be missed due to studying. Students who are deemed ineligible will not be awarded "Open Campus" privileges until they return to eligible status.

Mathematical averages will be computed anew with the onset of each semester for semester long courses and each quarter for quarter long course. Allowances may be made for students who are experiencing medical problems.

The principal's office will release the probation grades, failing grades, or incompletes on Thursday morning of each week. This report will list students who are on probation, failing, and/or incomplete.

### **Extended Learning Time: (ELT) Secondary Students, grades 7-12**

In an effort to improve student performance and help minimize students on the weekly 74% and below list, an extended learning time (ELT), is provided after school. In the case of circumstances beyond the control of the student, an exception may be approved to attend a 30-minute morning session as well.

- Students failing a class are required to attend the ELT on Monday, Tuesday, and Wednesday, for a minimum three sessions each week. However, if the student obtains a passing grade of 70% or above during the week, they will be strongly encouraged to attend, but attendance will not be mandatory.
- Students having probationary grades (70% - 74%) will be strongly encouraged to attend, but attendance will not be made mandatory.

Students, who fail to attend the required ELT, will spend the following day's lunch period in ELT and/or be given additional consequences as deemed appropriate by the administration.

### **Parent-Teacher Conferences**

Parent-teacher conferences will be held twice during the school year. An Open House may be scheduled each semester as well. Refer to the school calendar on the website for the schedule. Conferences with teachers, at any other time, are possible by calling the school office and making arrangements with one or more teachers as needed.

### **Honor Roll**

The purpose of the honor roll is to recognize those students who demonstrate academic excellence. Students will be recognized at the end of each quarter and semester using the following criteria:

1. All "A" Honor Roll – All Grades 94 or above.
2. "A" Honor Roll – Average grades of 94 or higher, no grade below 88, only one grade below 92.
3. "B" Honor Roll – Average Grades of 88, no grade below 85, only one grade below 86.

### **Academic Integrity**

#### **A) Integrity Statement**

Students are expected to abide by the standards of academic integrity established by their teachers and school administration. Standards of academic integrity are established in order for students to learn as much as possible from instruction, for students to be given grades which accurately reflect the student's level of learning and progress, to provide a level playing field for all students, and to develop appropriate values.

Cheating and plagiarism violate the standards of academic integrity. Sanctions will be imposed against students who engage in such conduct.

#### **B) Definitions**

The following definitions provide a guide to the standards of academic integrity:

1. "Cheating" means intentionally to misrepresent the source, nature, or other conditions of academic work so as to accrue undeserved credit, or to cooperate with someone else in such misrepresentation. Such misrepresentations may, but need not necessarily, involve the work of others.

Cheating includes, but is not limited to:

- a. Tests (includes tests, quizzes and other examinations or academic performances):

- 1) Advance Information: Obtaining, reviewing or sharing copies of tests or information about a test before these are distributed for student use by the instructor. For example, a student engages in cheating if, after having taken a test, the student informs other students in a later section of the questions that appear on the test.
  - 2) Use of Unauthorized Materials: Using notes, textbooks, pre-programmed formula in calculators, or other unauthorized material, devices or information while taking a test, except as expressly permitted. For example, except for “open book” tests, a student engages in cheating if the student looks at personal notes or the textbook during the test.
  - 3) Use of Other Student Answers: Copying or looking at another student’s answers or work, or sharing answers or work with another student, when taking a test, except as expressly permitted. For example, a student engages in cheating if the student looks at another student’s paper during a test. A student also engages in cheating if the student tells another student answers during a test or while exiting the testing room, or knowingly allow another student to look at the student’s answers on the test paper.
  - 4) Use of Other Student to Take Test. Having another person take one’s place for a test, or taking a test for another student, without the specific knowledge and permission of the instructor.
  - 5) Misrepresenting Need to Delay Test. Presenting false or incomplete information in order to postpone or avoid the taking of a test. For example, a student engages in cheating if the student misses class on the day of a test, claiming to be sick, when the student’s real reason for missing class was because the student was not prepared for the test.
- b. Papers (includes papers, essays, lab projects, and other similar academic work):
- 1) Use of Another’s Paper: Copying another student’s paper, using a paper from an essay writing service, or allowing another student to copy a paper, without the specific knowledge and permission of the instructor.
  - 2) Re-use of One’s Own Papers: Using a substantial portion of a piece of work previously submitted for another course or program without notifying the instructor to whom is presented.
  - 3) Assistance from Others: Having another person assist with the paper to such an extent that the work does not truly reflect the student’s work. For example, a student engages in cheating if the student has a draft essay reviewed by the student’s parents or sibling, and the essay is substantially re-written by the student’s parent or sibling. Assistance from home is encouraged, but the work must remain the student’s.
  - 4) Failure to Contribute to Group Projects. Accepting credit for a group project in which the student failed to contribute a fair share of the work.
  - 5) Misrepresenting Need to Delay Paper. Presenting false or incomplete information in order to postpone or avoid turning in a paper when due. For example, a student engages in cheating if the student misses class on the day a paper is due, claiming to be sick, when the student’s real reason for missing class was because the student had not finished the paper.
  - 6) Elementary student papers. If an adult or another student completes an elementary students assignment and this accommodation is not written in their 504 or IEP.
- c. Alteration of Assigned Grades. Any unauthorized alteration of assigned grades by a student in the teacher’s grade book or the school records is a serious form of cheating.
2. “Plagiarism” means to take and present as one’s own a material portion of the ideas or words of another or to present as one’s own an idea or work derived from an existing source without full and proper credit to the source of the ideas, words, or works.  
Plagiarism includes, but is not limited to:
    - a. Failure to Credit Sources: Copying work (words, sentences, and paragraphs or illustrations or models) directly from the work of another without proper credit. Academic work frequently involves use of outside sources. To avoid plagiarism, the student must either place the work in quotations or give a citation to the outside source.
    - b. Falsely Presenting Work as One’s Own: Presenting work prepared by another in final or draft form as one’s own without citing the source, such as the use of purchased research papers or use of another student’s paper.
  3. “Contributing” to academic integrity violations means to participate or assist another in cheating or plagiarism. It includes but is not limited to allowing another student to look at your test answers, to copy your papers or lab projects, and to fail to report a known act of cheating or plagiarism to the instructor or administration.

### C. Sanctions

The following sanctions will occur for academic integrity offenses:

1. Academic Sanction. The instructor will refuse to accept the student's work in which the cheating or plagiarism took place, assign a grade of "F" or zero for the work, and require the student to complete a test or project in place of the work within such time and under such conditions as the instructor may determine appropriate. In the event the student completes the replacement test or project at a level meeting minimum performance standards, the instructor will assign a grade which the instructor determines to be appropriate for the work. Credit for the class may be withheld pending successful completion of the replacement test or project.
2. Report to Parents and Administration. The instructor will notify the Principal of the offense and the instructor or Principal will notify the student's parents or guardian.
3. Student Discipline Sanctions. Academic integrity offenses are a violation of school rules. The Principal may recommend sanctions in addition to those assigned by the instructor, up to and including suspension or expulsion. Such additional sanctions will be given strong consideration where a student has engaged in a serious or repeated academic integrity offense or other rule violations, and where the academic sanction is otherwise not a sufficient remedy, such as for offenses involving altering assigned grades or contributing to academic integrity violations.

### **Citizenship**

Elementary students will be evaluated throughout each quarter on their demonstration of citizenship as identified by the citizenship rubrics in the Principal's office. A weekly report is sent home by the classroom teacher.

### **Graduation Requirements**

To receive a high school diploma from the St. Edward High School, it shall be the general procedure that an individual successfully completes with a passing grade, **260** hours of work in grades 9-12.

**(1 Semester = 5 Credit hours)**

To receive a high school diploma from the St. Edward High School, it shall be the general procedure that an individual successfully completes with a passing grade, **260** hours of work in grades 9-12.

**(1 Semester = 5 Credit hours)**

Each student shall also complete and submit a Free Application for Federal Student Aid prior to graduation, unless the required opt-out form is completed by either: (1) the student's parent or legal guardian; (2) the Principal, if the Principal determines that good cause exists not to require the student to complete the FAFSA; or (3) an emancipated student or student of at least 19 years of age.

## **Reading Goal:**

The St. Edward Board of Education recognizes the importance of reading in a person's overall success in society. It was determined that the goal for all students exiting St. Edward High School achieve a reading level of at least the 9<sup>th</sup> grade, (9.0) as determined by a reading assessment deemed appropriate by the administration. In order to implement and maintain this goal, it was decided that reading opportunities will be established in the junior high and senior high to help students reach this goal. These opportunities may include but not be limited to programs such as D.E.A.R Time (Drop Everything and Read), AR (Accelerated Reader) activities and incentives, Read Across America, Book Club, author visits, etc)

## **Graduation**

Students classified as seniors will be given official notice of graduation status at the completion of the first semester. All graduating seniors must have successfully completed the graduation requirements required by both the local school district as well as the State of Nebraska. Failure to complete this prescribed program will allow the student to participate in graduation exercises, and that student will receive a certificate of attendance for the graduation exercise. Notification of failure to complete the prescribed course of study will be given in ample time.

### **Senior Students not meeting requirements**

If for some reason, the student does not graduate (get a signed diploma) after four years, he/she is more than welcome to return to school to work on completing the work on getting a signed diploma. A diploma will be reserved for that student. Once the requirements are met, the necessary signatures will be obtained and the diploma awarded privately. The date on the diploma will be determined upon meeting the district's graduation requirements. While in attendance for these purposes, the student will be considered a senior for state attendance purposes and will be allowed the same privileges as the other students in attendance except:

- A) The student should realize his/her eligibility for NSAA activities has probably expired due to age or semester limitations.
- B) The student may be eligible for other school activities not sponsored by the NSAA such as local music productions, FCCLA and FFA. A review of the specific qualifications will be necessary.
- C) Social interaction with other students such as attendance at prom and class activities as a member of the senior class will not be permitted.

The student has already had these experiences and it should be remembered attendance is for academic reasons of finishing requirements for earning a signed diploma.

### **Graduation and Honors**

To graduate with High Honors, a student must have an accumulative average of 94 percent.

To graduate with Honors, a student must have an accumulative average of 90 percent.

### **Secondary Student Class Load**

All students must fill all 8 periods with classes. The option to drop and add classes for each semester will be given generally during the first five days classes are in session or an appropriate date determined by the school counselor.

## **Secondary Student Aides for Certified Teachers**

Senior students meeting Honor Roll requirements may be allowed to be a student aide for a teacher. Student aides will be monitored by the teacher within the class period assigned and will be expected to attend that aide assignment as they would any other class. Student aides will adhere to confidentiality of classroom information and grades. If violated, the student aide will be removed and not allowed to be in a student aide status. Student aides will assist the teacher as directed with classroom projects, grading of papers, ect. If a student aide is listed on the academic probation or ineligibility list, they may be reassigned to a study period with a secondary teacher. Junior students will not be considered for a student aide.

## **SUPPORT SERVICES**

### **Special Education Services**

#### **What Does Special Education Mean?**

Special education means specially designed instruction and related services adapted as appropriate to the needs of an eligible student with a disability. Special education is provided at no cost to the parent to meet the unique needs of a child with a disability.

#### **Students Who May Benefit**

A student verified as having autism, mental illness/impairment, deaf-blindness, developmental delay, hearing impairment, intellectual disability, multiple impairment, orthopedic impairment, other health impairment, specific learning disability, speech-language impairment, traumatic brain injury or visual impairment, who because of this impairment needs special education and related services.

#### **How are Students With Disabilities Identified?**

Referrals are made by teachers or parents to a Student Assistance Team. If the student assistance team or comparable problem solving team feels that all viable alternatives have been explored, a referral for multidisciplinary evaluation is completed. An evaluation is conducted to assist in the determination of whether a student has a disability and the nature and extent of the special education and related services the student needs. The evaluation is conducted only with written consent of a parent or guardian. A multidisciplinary evaluation team (MDT) will then meet to determine whether the student is eligible for special education.

#### **Independent Evaluation**

If a parent disagrees with an evaluation completed by the school district, the parent has a right to request an independent educational evaluation at their own expense. Parents should direct inquiries to school officials to determine if the school district will arrange for further evaluation at public expense. If school district officials feel the original evaluation was appropriate and the parents disagree, a due process hearing may be initiated. If it is determined the original evaluation was appropriate, parents still have the right to an independent educational evaluation at their own expense.

#### **Reevaluation**

Students identified for special education will be reevaluated at least every three years by the IEP team. The IEP team will review existing evaluation data on the student and will identify what additional data, if any, are needed. The school district will obtain parental consent prior to conducting any reevaluation of a student with a disability.

#### **Individual Education Program (IEP)**

Upon a student being verified as having a disability, a conference will be held with parents. At the conference, and Individualized Education Program (IEP) will be developed specifying programs and services which will be provided by the schools. Parent consent will be obtained prior to a student being placed for the first time in a program providing special education and related services or early intervention services to infant and toddlers.

Once in place, the IEP is reviewed on an annual basis, or more frequently, as needed. Parents are given a copy of the IEP.

### Special Education Placement

The student's placement in a special education program is dependent on the student's educational needs as outlined in the Individual Education Program (IEP). To the maximum extent appropriate, students with disabilities are educated with students who are not disabled. Special classes, separate schooling, or other removal of children with disabilities from the regular educational environment occurs only when the nature or severity of the disability is such that education in regular classes with the use of supplementary aides and services cannot be achieved satisfactorily. Determination of a student's educational placement will be made by the IEP team.

Written notice shall be given to parents a reasonable time before the school district: 1. Proposes to initiate or change the identification, evaluation, verification or educational placement of a child or the provision of a free appropriate public education; or 2. Refuses to initiate or change the identification, evaluation, or educational placement of the child or the provision of a free appropriate public education to the child.

### More Information

Anyone interested in obtaining a copy of the District's special education policy, the Parental Rights in Special Education brochure, or a copy of the Nebraska Department of Education Rule 51 (special education regulations and complaint procedures) or Rule 55 (special education appeal procedures) may contact the Superintendent.

### School Counseling Services

The school counselor works with other members of the school team to maximize student success and to create a school culture which promotes success for all. Many direct services are provided by the school counselor including counseling for personal and social issues, career services and academic planning along with indirect services such as consultation, collaboration and referrals for various resources. Working in advocacy with students, family members, and faculty in identifying issues, needs and challenges; the school counselor seeks to improve achievement and opportunities for all students.

### Health Services

#### Student Illnesses

School personnel will notify parents when a student needs to be sent home from school due to illness. Conditions requiring a student be sent home include: Temperature greater than 100°F, vomiting, diarrhea, unexplained rashes, live head lice, or on determination by the administration in which the child's condition prevents meaningful participation in the educational program or presents a health risk to the child or others.

**Please include emergency daytime phone numbers on your child's enrollment card so that you can be reached if your child becomes ill or injured while at school.** Please also inform your school office staff of health related information you feel is important for your student's success in the classroom and/or safety at school.

#### Guidelines for Administering Medication

Whenever possible your child should be provided medications by you outside of school hours. In the event it is necessary that your child take or have medication available at school, the parents/guardians must provide a signed written consent for the child to be given medication at school. A consent form is available at the school office. If your child has asthma or diabetes and is capable of self-managing his or her health condition, he or she is required to contact the office to develop a self-management plan. The plan must be signed by a physician. Medications must be provided to the school by the parent/guardian in the pharmacy-labeled or manufacturer-labeled bottle. Repackaged medications will not be accepted. All medications also require a physician's authorization to be given at school. The office staff will notify the parent when the medication is low. Coaches and sponsors will provide medication for students as needed for trips outside of the school for any and all students that require. If possible, coaches and sponsors will take medication from school to administer.

### School Health Screening

Children in Kindergarten through twelfth grades are screened for vision and hearing by a certified nurse. Parents who do not wish their child to participate in the school screening program must communicate this in writing to the

school office at the start of the school year. Because Nebraska statutes require school-age screening, parents who remove their child from the screening program must submit findings from an alternate medical provider to the school by December 1.

### Physical and Visual Examination

Evidence of a physical examination and a visual evaluation is required within six months prior to entrance into Kindergarten and, in the case of transfer from out of state, to any other grade. A physical examination is also required prior to entrance into the seventh grade. The physical examination is to be completed by a physician, a physician's assistant, or an advanced practice registered nurse; the visual evaluation is to be completed by any of the foregoing or an optometrist. A parent or guardian who objects to the physical examination and/or visual evaluation may submit a written statement of refusal for his or her child. Waiver forms are available in the school office. Additional physical examination requirements exist for students participating in athletic participation.

### Immunizations

Students must show proof of immunization. A student who does not comply with the immunization requirements will not be permitted to continue in school. Students with medical conditions or sincerely held religious beliefs which do not allow immunizations must complete a waiver statement or affidavit. Forms are available in school health offices.

Unimmunized students may be excluded from school in the event of a disease outbreak.

### Birth Certificate Requirements

State law requires that a certified copy of a student's birth certificate be provided within 30 days of enrollment of a student in school for the first time. You may obtain a certified copy from the Bureau of Vital Statistics in the state in which your child was born. Assistance in obtaining birth certificates may be obtained from Health Records Management, P.O. Box 95065, Lincoln, NE 68509-5065. There is a fee per certificate.

Please note: The document parents receive from the hospital looks like a birth certificate, but it is not a certified copy. A certified copy has the raised seal of the state of Nebraska on it and is signed by the director of vital statistics.

If a birth certificate is unavailable, other reliable proof of a student's identity may be used. These documents could include naturalization or immigration documents showing date of birth or official hospital birth records, a passport, or a translation of a birth certificate from another country. The documents must be accompanied by an affidavit explaining the inability to produce a copy of the birth certificate.

### Guidelines for Head Lice and or Nits (eggs)

The following guidelines are in place to: better control a nuisance condition; reduce absenteeism due to head lice or nits; and involve parents as partners with the school in control efforts:

1. Children will be sent home from school for live head lice and or nits. In the event a child has two cases of live lice and or nits in a semester, the child will be sent home until free of both live lice and nits.
2. The office staff or the St. Edward Medical Clinic may provide written treatment information and instructions, including how to check and identify head lice and or nits. Over the counter treatments are available at pharmacies and retail stores. Students need to be treated before returning to school.
3. A child who is sent home from school for head lice and or nits should miss no more than two school days.
4. A child who has been sent from school due to head lice or nits must come to the office for inspection before returning to class.
5. A child who returns to class with nits (eggs) will be checked again in 7-10 days.
6. Families are encouraged to report head lice and or nits to the school office.
7. Classroom-wide or school wide head checks will be conducted as needed in order to control the condition at school.

For more information call the school office.

## **Emergency Response Service (Death of student or staff member) Policy**

When an event including the death of a student or staff person occurs which might produce psychological, physical, or emotional problems, the crisis response team will be empowered and authorized by the school board and administration to act in the best interests of students, staff, and district. The St. Edward Public School Crisis Response Team members can be contacted regarding a crisis through either the Superintendent of Schools, building Principals, or personally at school, 402-678-2282; or alternate numbers: Steve Osborn, 308-430-0395, Lindsay Tenski, 402-841-6832, or Jenna Lordemann, 402-649-2174

### **OBJECTIVES**

1. Provide an organized procedure to use should a crisis occur involving a student or member of the staff.
2. Maintain a safe environment for students and staff.
3. Prevent escalation of rumors.
4. Communicate with staff, students, parents and the public.
5. Continue effective instruction and carry out established routines, rules and regulations within the school building.
6. Meet special needs of individual students by working with parents, school staff, and specialists.
7. Provide support for those directly or indirectly involved.
8. Identify students at risk following a crisis.
9. Attempt prevention of imitative behavior in case of suicide.

### **PROCEDURES**

1. In the event of a crisis, the school system will continue to function as normally as possible and will not close due to the death.
2. There will be no school-sponsored activities concerning the death with the exception of the crisis center. (i.e. visiting the funeral home, attending the funeral, visiting the family.)
3. All scheduled school activities should proceed as planned.
4. Students should not be dismissed from school, unless a parent is notified.
5. Students may attend the funeral if their parents have notified the school office. (This information will be included in the letter to the parents.)
6. All memorials will be directed to the family and the family can then direct it to the Superintendent.
7. Class collections will not be taken for memorials. (This information will be included in the letter to the parents.)
8. Funeral or memorial services will not be held in the school (during school hours).

## ***Drugs, Alcohol, Tobacco and Firearms***

### **Drug-Free Schools**

The District implements regulations and practices which will ensure compliance with the Federal Safe and Drug-Free Schools and Communities Act and all regulations and rules promulgated pursuant thereto. The District's safe and drug-free schools program is established in accordance with principles of effectiveness as required by law to respond to such harmful effects. The consistent message of the program is the use of illicit drugs and the unlawful possession and use of alcohol is wrong and harmful.

### **Drug Testing Policy**

#### **Drug and Alcohol Testing**

1. Need for Random Testing.

The Board of Education is responsible for maintaining discipline, health and safety. The Board recognizes that student substance abuse presents a continuing challenge and a danger to the student population as a whole. The Board is committed to maintaining school sponsored activity programs in a safe, healthy and secure environment. The Board is further committed to being proactive in ensuring that students who participate in extracurricular activities represent the District in a positive manner.

2. Eligibility for Random Testing.

Students who participate in school sponsored extracurricular activities (Grades 7-12) level are eligible for random testing. School sponsored extracurricular activities are activities which are sponsored or approved by the Board, but are not offered for credit towards graduation, and which involve competition, comparison, or judging of the individuals or groups with other individuals or groups as part of selection or participation. School sponsored extracurricular activities include, but are not limited to, athletic programs, cheerleading, dance team, band, Student Council, National Honor Society, academic teams, FFA, FCCLA, One-Act, choir, Quiz Bowl, and Speech Team.

To participate in a school sponsored extracurricular activity, students must submit a completed Consent to Test Form on or before the first practice or on or before the first event or meeting, whichever is applicable. The form must be signed by the student and the student's parent or guardian.

Failure to submit a completed Consent to Test Form will result in ineligibility for participation in school sponsored competitive extracurricular activities until the form is submitted.

Students remain eligible for testing from the date the Consent to Test Form is turned in until a Drop Form is completed, or until the student graduates or is otherwise no longer enrolled in the District. A student for whom a Drop Form has been submitted shall be ineligible for participation in school sponsored competitive extracurricular activities for twelve months from the date the Drop Form is submitted. Students have a fifteen (15) day grace period for reconsideration of a Drop Form.

Students who are not participants in a school sponsored extracurricular activity may volunteer for participation in the testing program by submitting a completed Consent to Test Form.

### 3. Testing Procedure.

#### a. Random Testing.

A confidential testing schedule will be created by the Superintendent or designee to ensure that the testing of eligible students is conducted in a manner that is random. To maintain confidentiality and to maintain the integrity of the randomness of this program, the students eligible for testing will be identified by a unique personal identifier that does not make the student known to persons other than the school officials who are directly involved in the testing program.

A school administrator may also require a student to undergo testing if the school administrator determines that reasonable suspicion exists to suspect that a student violated the District's drug and alcohol rules.

No less than twenty percent (20%) of the pool of eligible students will be tested each school year, which may include testing over the summer months. The Superintendent shall have the authority to determine the percentage to test, subject to the minimum 20% level, dependent on the nature and extent of the prevailing problem with drug usage in the school community from time to time. Testing will take place throughout the school year.

#### b. Collection.

The testing collection process will be conducted in a manner that protects student privacy, will also guard against tampered specimens and ensuring an accurate chain of custody of the specimen. To the extent the testing involves the collection of urine, an adult monitor is to wait outside a closed restroom stall and listen for the normal sounds of urination.

The specific testing procedures and mechanism are to be created by the Superintendent or designee. It is intended that the procedures be modeled on those applicable to the testing of CDL employees, which include the testing of specimens for alcohol and unlawful substances. The tests are to be designed to detect only the use of illegal drugs, including but not limited to amphetamines, marijuana, cocaine, steroids, opiates, and barbiturates, not medical conditions or the presence of authorized prescription medications.

### 4. Confidentiality.

All activities related to the testing policy will be carried out in accordance with the requirements of the Family Educational Rights and Privacy Act (FERPA), the Protection of Pupil Rights Amendment (PPRA), and any other applicable confidentiality laws.

Test results will be shared only with staff who have a legitimate educational interest in having access to the information, on a “need to know” basis. Test results will not be turned over to any law enforcement authority in the absence of a court order, subpoena, or other legal process requiring such.

Test results will be kept in confidential files separate from the students’ other records. The test results will be destroyed when no longer needed for individual student situations or for the overall testing program.

5. Consequences for Positive Tests.

Any of the following shall be considered to be a positive test result:

- A confirmed positive alcohol or drug test;
- Refusal to participate in testing when selected, including the submission of a Drop Form upon being requested to be tested; and/or
- Tampering with the specimen collection process.

The following shall result from a positive test result:

- The student’s parents or guardians will be contacted and a meeting will be held to discuss the positive test result, with the object of collaborating on a plan to assist the student in avoiding future substance abuse.

- The student’s privilege of participating in extracurricular activities will be restricted as follows:

For a first positive test, the student is ineligible to participate in any extracurricular activities for twenty (20) school days. The student may continue to participate in extracurricular activities if within ten (10) school days of the meeting with the parents or guardians the student shows proof that the student is receiving substance abuse counseling with a qualified professional and submits to a second drug test within two (2) weeks.

For a second and subsequent positive test, the student is ineligible to participate in any extracurricular activity for one (1) calendar year. To return to participation, the student must complete substance abuse counseling as and to the extent determined appropriate by a qualified professional, and in any event for no less than four (4) hours, and must submit to five (5) follow up drug tests during the next twelve (12) month period. The parents or guardians are responsible for the costs of the rehabilitation program, which includes the substance abuse counseling and follow-up testing described above.

Positive results will not lead to the imposition of any academic consequence or disciplinary action, other than the above described limitations on the privilege to participate in extracurricular activities.

6. Appeal Procedures.

A student or the student’s parents or guardians may request a retest of his/her specimen at their own expense at a laboratory approved by the Superintendent or designee and which follows federal Substance Abuse and Mental Health Services Administration (SAMHSA) standards concerning drug testing protocols and procedures. Requests must be made within twenty-four (24) hours of receiving the results of their drug test. The specimen previously submitted will be forwarded to the approved lab in cooperation with the District approved outside agency responsible for confirmatory testing.

Results of the re-test will be provided to the Superintendent or designee by the approved laboratory. During the appeal period the student may not participate in school sponsored extracurricular activities.

In the event a student or the student’s parents or guardians wish to challenge a positive test result on a basis other than the veracity of the test result, an appeal may be made in accordance with the policy on extracurricular activity discipline.

**Education and Prevention**

The District promotes comprehensive, age appropriate, developmentally based drug and alcohol education and prevention programs. The curriculum includes the teaching of both proper and incorrect use of drugs and alcohol for all students in all grades. The District provides in-service orientation and training for staff with regard to drug and alcohol education and prevention programs.

1. Drug and Alcohol Use and Prevention. Each student of the District is hereby provided a copy of the standards of conduct for student behavior in the District which prohibit the unlawful possession, use, or distribution of illicit drugs and alcohol on school premises or as a part of any of the school’s activities.
2. Drug and Alcohol Education and Prevention Program of the District Pursuant to the Safe and Drug-Free Schools and Communities Laws and Regulations. All students are provided an age appropriate, developmentally based drug and alcohol education and prevention program. The program educates on the adverse effects of the use of illicit drugs and alcohol, with the primary objective being the prevention of illicit drug and alcohol use by students.

3. Drug and Alcohol Counseling, Rehabilitation and Re-entry Programs. Information concerning available drug and alcohol counseling, rehabilitation, and re-entry programs is available to all of the students upon request of the Counselor. In the event of disciplinary proceedings against a student for any District policy pertaining to the prohibition against the unlawful possession, use, or distribution of illicit drugs and alcohol, appropriate school personnel will confer with the student and the student's parents or guardian concerning available drug and alcohol counseling, rehabilitation, and re-entry programs that appropriate school personnel consider to be of benefit.
4. Safe and Drug-Free Schools—Parental Notice. Pursuant to the provisions of the Every Student Succeeds Act, if upon receipt of information regarding the content of safe and drug free school programs and activities other than classroom instruction a parent objects to the participation of their child in such programs and activities, the parent may notify the district of such objection in writing. Upon the receipt of such notice the student will be withdrawn from the program or activity to which parental objection has been made.

### **Standards of Student Conduct Pertaining to Drugs, Alcohol and Tobacco**

These standards are in addition to standards of student conduct elsewhere adopted by board policy or administrative regulation. The District's standards prohibit the possession, use, or distribution of illicit drugs or alcohol on school premises, in school vehicles, or as a part of any of the school's activities on or off school premises. Conduct prohibited at places and activities as hereinabove described shall include, but not be limited to, the following:

1. Possession, use, distribution or being under the influence of any controlled substance, including but not limited to marijuana, any narcotic drug, and hallucinogen, any stimulant, or and depressant.
2. Possession of any prescription drug in an unlawful fashion.
3. Possession, use, distribution or being under the influence of alcohol.
4. Possession, use, distribution, or being under the influence of any abusable glue or aerosol paint or any other chemical substance for inhalation, including but not limited to lighter fluid, whiteout, and reproduction fluid, when such activity constitutes a substantial interference with school purposes.
5. Possession, use or distribution of any look-alike drug or look-alike controlled substance when such activity constitutes a substantial interference with school purposes.
6. Possession, use or distribution of any tobacco product.

### **Disciplinary Sanctions**

Violation of any of the above prohibited acts will result in disciplinary sanction being taken within the bounds of applicable law, up to and including expulsion and referral to appropriate authorities for criminal prosecution. In particular, student should be aware that:

1. Violation of the standards may result in suspension or expulsion.
2. Prohibited substances will be confiscated and unlawful substances will be turned over to law enforcement authorities.
3. The student may be referred for counseling or treatment.
4. Parents or legal guardian will be notified.
5. Law enforcement will be notified.
6. If it appears there is imminent danger to the student, other students, school personnel, or students involved, emergency medical services will be contacted.

### **Intervention**

The District does not have the authority or responsibility to make medical or health determinations regarding chemical dependency. However, when observed behavior indicates that a problem exists which may affect the student's ability to learn or function in the educational environment, the school has the right and responsibility to refer the student for a formal chemical dependency diagnosis based on behavior observed by school staff.

### **Administration**

The administration is authorized to adopt such administrative rules, regulations or practices necessary to properly implement this policy. Such regulations, rules or practices may vary the procedures set forth herein to the extent necessary to fit the circumstances of an individual situation. Such rules, regulations and practices may include administrative forms, such as checklists to be used by staff to record observed behavior and to determine the proper plan of action.

## **Firearm Policy**

It shall be the policy of the St. Edward Public School District to undertake all reasonable efforts to prohibit the unlawful possession, the knowingly and intentionally selling, attempting to sell, providing, loaning, delivering, or in any other way transferring the possession of a firearm to a juvenile, and to prevent the unlawful possession of a firearm, including concealed firearms, in a school, on school grounds, in a school owned vehicle, or at a school sponsored activity or athletic event. This policy shall not apply to the issuance of firearms to or possession by members of the Armed Services of the United States, active or reserve, National Guard of the State, or reserve officers training corp, peace officers, off duty cops, or other duly authorized law enforcement officers when on duty or training or when contracted by a school to provide school security or school event contract services. Further, nothing in this policy shall be construed to require school action when a firearm is lawfully possessed by a person receiving instruction, or instruction under the immediate supervision of an adult instructor, or as to firearms contained within a private vehicle operated by a non-student adult when the firearm is not loaded, is encased, and is either in a locked firearm rack that is on a motor vehicle or is in a case that is expressly made for the purpose of containing a firearm and that is completely zipped, snapped, buckled, tied or otherwise fastened with no part of a firearm exposed.

Any unlawful use or possession of a firearm, including concealed firearms, as described in this policy and as described by statute shall as soon as is reasonably possible be reported to an appropriate peace officer. Nothing in this policy shall be construed to prevent the district from carrying out regular disciplinary procedures as have been adopted by the Board of Education or as otherwise authorized by law

## **Student Rights, Conduct, Rules and Regulations**

### **Student Conduct**

A. Development of Uniform Discipline System. It shall be the responsibility of the Superintendent to develop and maintain a system of uniform discipline. The discipline which may be imposed includes actions which are determined to be reasonably necessary to aid the student, to further school purposes, or to prevent interference with the educational process, such as (without limitation) counseling and warning students, parent contacts and parent conferences, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling upon written consent of the parent or guardian, or in-school suspension. The discipline may also include out-of-school suspension (short-term or long-term) and expulsion.

1. Short-Term Suspension: Students may be excluded by the Principal or the Principal's designee from school or any school function for a period of up to five school days (short-term suspension) on the following grounds:

a. Conduct that constitutes grounds for expulsion, whether the conduct occurs on or off school grounds; or

b. Other violations of rules and standards of behavior adopted by the Board of Education or the administrative or teaching staff of the school, which occur on or off school grounds, if such conduct interferes with school purposes or there is a nexus between such conduct and school.

The following process will apply to short-term suspensions:

- a. The Principal or the Principal's designee will make a reasonable investigation of the facts and circumstances. A short-term suspension will be made upon a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.
- b. Prior to commencement of the short-term suspension, the student will be given oral or written notice of the charges against the student. The student will be advised of what the student is accused of having done, an explanation of the evidence the authorities have, and be afforded an opportunity to explain the student's version of the facts.
- c. Within 24 hours or such additional time as is reasonably necessary, not to exceed an additional 48 hours, following the suspension, the Principal or administrator will send a written statement to the student and the student's parent or guardian describing the student's conduct, misconduct or violation of the rule or standard and the reasons for the action taken.
- d. An opportunity will be given to the student, and the student's parent or guardian, to have a conference with the Principal or administrator ordering the short-term suspension before or at the time the student returns to school. The Principal or administrator shall determine who in addition to the parent or guardian is to attend the conference. The Principal shall document their attempt to make a reasonable effort to hold a conference with the parent or guardian.
- e. A student who is on a short-term suspension shall not be permitted to be on school grounds without the express permission of the Principal.

2. Long-Term Suspension: A long-term suspension means an exclusion from school and any school functions for a period of more than five school days but less than twenty school days. A student who is on a long-term suspension shall not be permitted to be on school grounds without the express permission of the Principal. A notice will be given to the student and the parents/guardian when the Principal recommends a long-term suspension. The notice will include a description of the procedures for long-term suspension; the procedures will be those set forth in the Student Discipline Act.

3. Expulsion:

- a. Meaning of Expulsion. Expulsion means exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within ten school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within ten school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c)

unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period. A student who has been expelled shall not be permitted to be on school grounds without the express permission of the Principal. A notice will be given to the student and the parents/guardian when the Principal recommends an expulsion. The notice will include a description of the procedures for expulsion; the procedures will be those set forth in the Student Discipline Act.

b. Suspensions Pending Hearing. When a notice of intent to discipline a student by long-term suspension, expulsion, or mandatory reassignment is filed with the Superintendent, the student may be suspended by the principal until the date the long-term suspension, expulsion, or mandatory reassignment takes effect if the principal determines that the student must be suspended immediately to prevent or substantially reduce the risk of (a) interference with an educational function or school purpose or (b) a personal injury to the student himself or herself, other students, school employees, or school volunteers. If the student is suspended pending the outcome of the hearing, the student may complete classwork and homework, including, but not limited to, examinations, missed during the period of suspension. During this period, the student will not be required to attend the alternative programs for expelled students in order to complete classwork or homework.

c. Summer Review. Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled for review before the beginning of the school year in accordance with law.

d. Alternative Education: Students who are expelled may be offered an alternative education program that will enable the student to continue academic work for credit toward graduation. A student will not be required to attend the alternative education program in order to complete classwork and homework. In the event an alternative education program is not provided, a conference will be held with the parent, student, the Principal or another school representative assigned by the Principal, and a representative of a community organization that assists young people or that is involved with juvenile justice to develop a plan for the student in accordance with law.

e. Suspension of Enforcement of an Expulsion: Enforcement of an expulsion action may be suspended for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect. As a condition of such suspended action, the student and parents will be required to sign a discipline agreement.

f. Students Subject to Juvenile or Court Probation. Prior to the readmission to school of any student who is less than nineteen years of age and who is subject to the supervision of a juvenile probation officer or an adult probation officer pursuant to the order of the District Court, County Court, or Juvenile Court, who chooses to meet conditions of probation by attending school, and who has previously been expelled from school, the Principal or the Principal's designee shall meet with the student's probation officer and assist in developing conditions of probation that will provide specific guidelines for behavior and consequences for misbehavior at school (including conduct on school grounds and conduct during an educational function or event off school grounds) as well as educational objectives that must be achieved. If the guidelines, consequences, and objectives provided by the Principal or the Principal's designee are agreed to by the probation officer and the student, and the court permits the student to return to school under the agreed to conditions, the student may be permitted to return to school. The student may with proper consent, upon such return, be evaluated by the school for possible disabilities and may be referred for evaluation for possible placement in a special education program. The student may be expelled or otherwise disciplined for subsequent conduct as provided in Board policy and state statute.

g. Returning from Expulsion. At the conclusion of an expulsion, the District will reinstate the student and accept nonduplicative, grade-appropriate credits earned by the student during the term of expulsion from any Nebraska accredited institution or institution accredited by one of the six regional accrediting bodies in the United States.

h. Exception for Pre-Kindergarten through Second Grade Students. Notwithstanding the foregoing, no pre-kindergarten through second grade student may be suspended from school, unless the student brings a deadly weapon on school grounds, in a school vehicle, or to a school activity. Instead, the Principal or Principal's designee may implement alternative disciplinary measures on a case-by-case basis if a pre-kindergarten through second grade student engages in misconduct that would otherwise result in a short-term suspension. If a pre-kindergarten through second grade student brings a deadly weapon on school grounds, in a school vehicle, or to a school activity, then the student may be suspended or expelled in accordance with this Policy's disciplinary procedures.

i. Religious Freedom. The District will not substantially burden a student's right to religious exercise unless the student's religious exercise is disruptive to the school environment, not permitted by staff, may pose a safety risk, or would otherwise interfere with the school day.

4. Emergency Exclusion: A student may be excluded from school in the following circumstances:

a. If the student has a dangerous communicable disease transmissible through normal school contacts and poses an imminent threat to the health or safety of the school community; or

- b. If the student's conduct presents a clear threat to the physical safety of himself, herself, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education.

Any emergency exclusion shall be based upon a clear factual situation warranting it and shall last no longer than is necessary to avoid the dangers described above.

If the emergency exclusion will be for five school days or less, the procedures for a short-term suspension shall be followed. If the Superintendent or his or her designee determines that an emergency exclusion shall extend beyond five days, a hearing may be held, upon a parent's timely request, and a final determination made within ten school days after the initial date of exclusion. Such procedures shall substantially comply with the procedures set forth in this policy for a long-term suspension or expulsion, and be modified only to the extent necessary to accomplish the hearing and determination within this shorter time period.

5. Other Forms of Student Discipline: Administrative and teaching personnel may also take actions regarding student behavior, other than removal of students from school, which are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but are not limited to, counseling of students, parent conferences, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation. The actions may also include in-school suspensions. When in-school suspensions, after-school assignments, or other disciplinary measures are assigned, the student is responsible for complying with such disciplinary measures. A failure to serve such assigned discipline as directed will serve as grounds for further discipline, up to expulsion from school.

B. Student Conduct Expectations. Students are not to engage in conduct which causes or which creates a reasonable likelihood that it will cause a substantial disruption in or material interference with any school function, activity or purpose or interfere with the health, safety, well being or rights of other students, staff or visitors.

C. Grounds for Short-Term Suspension, Long-Term Suspension, Expulsion or Mandatory Reassignment. The following conduct has been determined by the Board of Education to have the potential to seriously affect the health, safety or welfare of students, staff and other persons or to otherwise seriously interfere with the educational process. Such conduct constitutes grounds for long-term suspension, expulsion, or mandatory reassignment, and any other lesser forms of discipline. The conduct is subject to the consequence of long-term suspension, expulsion, or mandatory reassignment where it occurs on school grounds, in a vehicle owned, leased, or contracted by the school and being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or an employee's designee, or at a school-sponsored activity or athletic event.

1. Willfully disobeying any reasonable written or oral request of a school staff member, or the voicing of disrespect to those in authority.
2. Use of violence, force, coercion, threat, intimidation, harassment, or similar conduct in a manner that constitutes a substantial interference with school purposes or making any communication that a reasonable recipient would interpret as a serious expression of an intent to harm or cause injury to another.
3. Willfully causing or attempting to cause substantial damage to property, stealing or attempting to steal property of substantial value, repeated damage or theft involving property, or setting or attempting to set a fire of any magnitude.
4. Causing or attempting to cause personal injury to any person, including any school employee, school volunteer, or student. Personal injury caused by accident, self-defense, or other action undertaken on the reasonable belief that it was necessary to protect some other person shall not constitute a violation of this subdivision.
5. Threatening or intimidating any student for the purpose of or with the intent of obtaining money or anything of value from such student or making a threat which causes or may be expected to cause a disruption to school operations.
6. Knowingly possessing, handling, or transmitting any object or material that is ordinarily or generally considered a weapon or that has the appearance of a weapon or bringing or possessing any explosive device, including fireworks.
7. Engaging in selling, using, possessing or dispensing of alcohol, tobacco, narcotics, drugs, controlled substance, or an inhalant; being under the influence of any of the above; possession of drug paraphernalia, or the selling, using, possessing, or dispensing of an imitation controlled substance as defined in section 28-401 of the Nebraska statutes, or material represented to be alcohol, narcotics, drugs, a controlled substance or inhalant. Tobacco means any tobacco product (including but not limited to cigarettes, cigars, and chewing tobacco), vapor products (such as e-cigarettes), electronic nicotine delivery systems, alternative nicotine products, tobacco product look-alikes, and products intended to replicate tobacco products either by appearance or effect. Use of a controlled substance in the manner prescribed for the student by the student's physician is not a violation. The term "under the influence" has a less strict meaning than it does under criminal law; for school purposes, the term means any level of impairment and includes even the odor of alcohol or illegal substances on the breath or person of a student; also, it includes being impaired by reason of the abuse of any material used as a stimulant.
8. Public indecency or sexual conduct.
9. Engaging in bullying, which includes any ongoing pattern of physical, verbal, or electronic abuse on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or a school employee's designee, or at school-sponsored activities or school-sponsored athletic events.
10. Sexually assaulting or attempting to sexually assault any person. This conduct may result in an expulsion regardless of the time or location of the offense if a complaint alleging such conduct is filed in a court of competent jurisdiction.

11. Engaging in any activity forbidden by law which constitutes a danger to other students or interferes with school purposes. This conduct may result in an expulsion regardless of the time or location of the offense if the conduct creates or had the potential to create a substantial interference with school purposes, such as the use of the telephone or internet off-school grounds to threaten.
12. A repeated violation of any rules established by the school district or school officials if such violations constitute a substantial interference with school purposes.
13. Truancy or failure to attend assigned classes or assigned activities; or tardiness to school, assigned classes or assigned activities.
14. The use of language, written or oral, or conduct, including gestures, which is profane or abusive to students or staff members. Profane or abusive language or conduct includes, but is not limited to, that which is commonly understood and intended to be derogatory toward a group or individual based upon race, gender, disability, national origin, or religion.
15. Dressing or grooming in a manner which is dangerous to the student's health and safety or a danger to the health and safety of others or repeated violations of the student dress and grooming standards; dressing, grooming, or engaging in speech that is lewd or indecent, vulgar or plainly offensive; dressing, grooming, or engaging in speech that school officials reasonably conclude will materially and substantially disrupt the work and discipline of the school; dressing, grooming, or engaging in speech that a reasonable observer would interpret as advocating illegal drug use.
16. Willfully violating the behavioral expectations for riding school buses or vehicles.

A student who engages in the following conduct shall be expelled for the remainder of the school year in which it took effect if the misconduct occurs during the first semester, and if the expulsion for such conduct takes place during the second semester, the expulsion shall remain in effect for the first semester of the following school year, with the condition that such action may be modified or terminated by the school district during the expulsion period on such terms as the administration may establish:

- a. The knowing and intentional use of force in causing or attempting to cause personal injury to a school employee, school volunteer, or student, except if caused by accident, self-defense, or on the reasonable belief that the force used was necessary to protect some other person and the extent of force used was reasonably believed to be necessary, or
- b. The knowing and intentional possession, use, or transmission of a dangerous weapon other than a firearm.

Knowingly and intentionally possessing, using, or transmitting a firearm on school grounds, in a school-owned or utilized vehicle, or during an educational function or event off school grounds, or at a school-sponsored activity or athletic event. This conduct shall result in an expulsion for one calendar year. "Firearm" means a firearm as defined in 18 U.S.C. 921, as that statute existed on January 1, 1995. That statute includes the following statement: "The term 'firearm' means (a) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (b) the frame or receiver of any such weapon; (c) any firearm muffler or firearm silencer; or (d) any

destructive device.” The Superintendent may modify such one year expulsion requirement on a case-by-case basis, provided that such modification is in writing. Bringing a firearm or other dangerous weapon to school for any reason is discouraged; however, a student will not be subject to disciplinary action if the item is brought or possessed under the following conditions:

- a. Prior written permission to bring the firearm or other dangerous weapon to school is obtained from the student's teacher, building administrator and parent.
- b. The purpose of having the firearm or other dangerous weapon in school is for a legitimate educational function.

For purposes of this policy, the term “dangerous weapon” includes any personal safety or security device (such as tasers, mace and pepper spray). If a student desires to carry or possess a personal safety or security device, the student must obtain prior approval from the building principal before bringing such device on school grounds. If a student obtains prior approval from the building principal, the student must store the device during the school day in the student’s locker, in the main office or in another secure location designated by the building principal. A student shall not carry a personal safety or security device during the school day.

D. Additional Student Conduct Expectations and Grounds for Discipline. The following additional student conduct expectations are established. Failure to comply with such rules is grounds for disciplinary action. When such conduct occurs on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or by his or her designee, or at a school-sponsored activity or athletic event, the conduct is grounds for long-term suspension, expulsion or mandatory reassignment.

1. Student Appearance: Students are expected to dress in a way that is appropriate for the school setting. Students should not dress in a manner that is dangerous to the health and safety of anyone or interferes with the learning environment or teaching process in our school. Following is a list of examples of attire that will not be considered appropriate, such list is not exclusive and other forms of attire deemed inappropriate by the administration may be deemed inappropriate for the school setting:

- a. Clothing that shows an inappropriate amount of bare skin or underwear (midriffs, spaghetti straps, sagging pants) or clothing that is too tight, revealing or baggy, or tops and bottoms that do not overlap or any material that is sheer or lightweight enough to be seen through, or otherwise of an appropriate size and fit so as to be revealing or drag on the ground.
- b. Clothing or jewelry that advertises or promotes beer, alcohol, tobacco, or illegal drugs.
- c. Clothing or jewelry that could be used as a weapon (chains, spiked apparel) or that would encourage “horse-play” or that would damage property (e.g. cleats).
- d. Head wear including hats, caps, bandannas, and scarves.

- e. Clothing or jewelry which exhibits nudity, makes sexual references or carries lewd, indecent, or vulgar double meaning.
- f. Clothing or jewelry that is gang related.

A student who is a member of an indigenous tribe of the United States or another country may wear tribal regalia in any location where the student is authorized to be on such school grounds or at any school function, as long as the tribal regalia does not interfere with the educational process and does not endanger another person, as determined by the administration.

The final decision regarding attire and grooming will be made by the Principal or Superintendent. In the event a student is uncertain as to whether a particular item or method of grooming is consistent with the school's guidelines, the student should contact the Principal for approval, and may also review such additional posting of prohibited items or grooming which may be available in the Principal's office.

2. Academic Integrity.

- a. Policy Statement: Students are expected to abide by the standards of academic integrity established by their teachers and school administration. Standards of academic integrity are established in order for students to learn as much as possible from instruction, for students to be given grades which accurately reflect the student's level of learning and progress, to provide a level playing field for all students, and to develop appropriate values.

Cheating and plagiarism violate the standards of academic integrity. Sanctions will be imposed against students who engage in such conduct.

- b. Definitions: The following definitions provide a guide to the standards of academic integrity:

(1) "Cheating" means intentionally misrepresenting the source, nature, or other conditions of academic work so as to accrue undeserved credit, or to cooperate with someone else in such misrepresentation. Such misrepresentations may, but need not necessarily, involve the work of others. Cheating includes, but is not limited to:

- (a) Tests (includes tests, quizzes and other examinations or academic performances):

- (i) Advance Information: Obtaining, reviewing or sharing copies of tests or information about a test before these are distributed for student use by the instructor. For example, a student engages in cheating if, after having taken a test, the student informs other students in a later section of the questions that appear on the test.

(ii) Use of Unauthorized Materials: Using notes, textbooks, pre-programmed formulae in calculators, or other unauthorized material, devices or information while taking a test except as expressly permitted. For example, except for “open book” tests, a student engages in cheating if the student looks at personal notes or the textbook during the test.

(iii) Use of Other Student Answers: Copying or looking at another student’s answers or work, or sharing answers or work with another student, when taking a test, except as expressly permitted. For example, a student engages in cheating if the student looks at another student’s paper during a test. A student also engages in cheating if the student tells another student answers during a test or while exiting the testing room, or knowingly allows another student to look at the student’s answers on the test paper.

(iv) Use of Other Student to Take Test. Having another person take one's place for a test, or taking a test for another student, without the specific knowledge and permission of the instructor.

(v) Misrepresenting Need to Delay Test. Presenting false or incomplete information in order to postpone or avoid the taking of a test. For example, a student engages in cheating if the student misses class on the day of a test, claiming to be sick, when the student’s real reason for missing class was because the student was not prepared for the test.

(b) Papers (includes papers, essays, lab projects, and other similar academic work):

i) Use of Another’s Paper: Copying another student’s paper, using a paper from an essay writing service, or allowing another student to copy a paper, without the specific knowledge and permission of the instructor.

(ii) Re-use of One’s Own Papers: Using a substantial portion of a piece of work previously submitted for another course or program to meet the requirements of the present course or program without notifying the instructor to whom the work is presented.

(iii) Assistance from Others: Having another person assist with the paper to such an extent that the work does not truly reflect the student’s work. For example, a student engages in cheating if the student has a draft essay reviewed by the student’s parent or sibling, and the essay is substantially re-written by the student’s parent or sibling. Assistance from home is encouraged, but the work must remain the student’s.

(iv) Failure to Contribute to Group Projects.

Accepting credit for a group project in which the student failed to contribute a fair share of the work.

(v) Misrepresenting Need to Delay Paper.

Presenting false or incomplete information in order to postpone or avoid turning in a paper when due. For example, a student engages in cheating if the student misses class on the day a paper is due, claiming to be sick, when the student's real reason for missing class was because the student had not finished the paper.

(c) Alteration of Assigned Grades. Any unauthorized alteration of assigned grades by a student in the teacher's grade book or the school records is a serious form of cheating.

(2) "Plagiarism" means to take and present as one's own a material portion of the ideas or words of another or to present as one's own an idea or work derived from an existing source without full and proper credit to the source of the ideas, words, or works. Plagiarism includes, but is not limited to:

(a) Failure to Credit Sources: Copying work (words, sentences, and paragraphs or illustrations or models) directly from the work of another without proper credit. Academic work frequently involves use of outside sources. To avoid plagiarism, the student must either place the work in quotations or give a citation to the outside source.

(b) Falsely Presenting Work as One's Own: Presenting work prepared by another in final or draft form as one's own without citing the source, such as the use of purchased research papers or use of another student's paper.

(3) "Contributing" to academic integrity violations means to participate in or assist another in cheating or plagiarism. It includes but is not limited to allowing another student to look at your test answers, to copy your papers or lab projects, and to fail to report a known act of cheating or plagiarism to the instructor or administration.

c. Sanctions: The following sanctions will occur when a student engages in cheating, plagiarism, or contributing to an academic integrity offense:

(1) Academic Sanction. The instructor will refuse to accept the student's work in which the academic integrity offense took place, assign a grade of "F" or zero for the work, and require the student to complete a test or project in place of the

work within such time and under such conditions as the instructor may determine appropriate. In the event the student completes the replacement test or project at a level meeting minimum performance standards, the instructor will assign a grade which the instructor determines to be appropriate for the work.

(2) Report to Parents and Administration. The instructor will notify the Principal of the offense and the instructor or Principal will notify the student's parents or guardian.

(3) Student Discipline Sanctions. Academic integrity offenses are a violation of school rules. The Principal may recommend sanctions in addition to those assigned by the instructor, up to and including suspension or expulsion. Such additional sanctions will be given strong consideration where a student has engaged in serious or repeated academic integrity offense or other rule violations, and where the academic sanction is otherwise not a sufficient remedy, such as for offenses involving altering assigned grades or contributing to academic integrity violations.

#### E. Law Violations

1. Any act of a student which is a basis for expulsion and which the principal or designee knows or suspects is a violation of the Nebraska Criminal Code will be reported to law enforcement as soon as possible. Conduct to be reported for law enforcement referral includes conduct that may constitute a felony, conduct which may constitute a threat to the safety or well-being of students or others in school programs and activities, and conduct that the legal system is better equipped to address than school officials. Conduct that does not need to be reported for law enforcement referral includes typical adolescent behavior that can be addressed by school administrators without the involvement of law enforcement. In making the decision of whether to report, consideration should be given to the student's maturity, mental capacity, and behavioral disorders, where applicable. When appropriate, it shall be the responsibility of the referring administrator to contact the student's parent of the fact that the referral to legal authorities has been or will be made.

The foregoing reporting standards shall be reviewed annually by the school Board on or before August 1 of each year, be annually reviewed in collaboration with the County Attorney each year, be distributed to each student and his or her parent or guardian at the beginning of each school year, or at the time of enrollment if during the school year, and shall be posted in conspicuous places in each school during the school year.

2. When a principal or other school official releases a minor student to a peace officer (e.g., police officer, sheriff, and all other persons with similar authority to make arrests) for the purpose of removing the minor from the school premises, the principal or other school official shall take immediate steps to notify the parent, guardian, or responsible relative of the minor regarding the release of the minor to the officer and regarding the place to which the minor is reportedly being taken, except when a minor has been taken into custody as a victim of suspected child abuse, in which case the principal or other school official shall provide the peace officer with the address and telephone number of the minor's parents or guardian.

## Electronic Devices

- a. Philosophy and Purpose. The District strongly discourages students from bringing and/or using electronic devices at school. The use of electronic devices can be disruptive to the educational process and are items that are frequently lost or stolen. In order to maintain a secure and orderly learning environment, and to promote respect and courtesy regarding the use of electronic devices, the District hereby establishes the following rules and regulations governing student use of electronic devices, and procedures to address student misuse of electronic devices.
  
- b. Definitions.
  - (1) “Electronic devices”, include, but are not limited to, cellular phones, iPads, portable game consoles, cameras, digital scanners, lap top computers, and any other electronic device deemed inappropriate by the school administration.
  - (2) “Sexting” means generating, sending or receiving, encouraging others to send or receive, or showing others, through an electronic device, a text message, photograph, video or other medium that:
    - (i) Displays sexual content, including erotic nudity, any display of genitalia, unclothed female breasts, or unclothed buttocks, or any sexually explicit conduct as defined at Neb. Rev. Stat. § 28-1463.02; or
    - (ii) Sexually exploits a person, whether or not such person has given consent to creation or distribution of the message, photograph or video by permitting, allowing, encouraging, disseminating, distributing, or forcing such student or other person to engage in sexually explicit, obscene or pornographic photography, films, or depictions; or,
    - (iii) Displays a sexually explicit message for sexual gratification, flirtation or provocation, or to request or arrange a sexual encounter.
  
- c. Possession and Use of Electronic Devices.
  - (1) Students are not permitted to possess or use any electronic devices during class time or during passing time except as otherwise provided by this policy. Cell phone usage is strictly prohibited during any class period; including voice usage, digital imaging, or text messaging.
  - (2) Students are permitted to possess and use electronic devices before school hours, at lunch time, and after school hours, provided that the student not commit any abusive use

of the device (see paragraph (d)(1)). Administrators have the discretion to prohibit student possession or use of electronic devices on school grounds during these times in the event the administration determines such further restrictions are appropriate; an announcement will be given in the event of such a change in permitted use.

(3) Electronic devices may be used during class time when specifically approved by the teacher or a school administrator in conjunction with appropriate and authorized class or school activities or events (i.e., student use of a camera during a photography class; student use of a lap top computer for a class presentation).

(4) Students may use electronic devices during class time when authorized pursuant to an Individual Education Plan (IEP), a Section 504 Accommodation Plan, or a Health Care Plan, or pursuant to a plan developed with the student's parent when the student has a compelling need to have the device (e.g., a student whose parent is in the hospital could be allowed limited use of the cell phone for family contacts, so the family can give the student updates on the parent's condition).

d. Violations

(1) Prohibited Use of Electronic Devices: Students shall not use electronic devices for: (a) activities which disrupt the educational environment; (b) illegal activities in violation of state or federal laws or regulations; (c) unethical activities, such as cheating on assignments or tests; (d) immoral or pornographic activities; (e) activities in violation of Board or school policies and procedures relating to student conduct and harassment; (f) recording others (photographs, videotaping, sound recording, etc.) or otherwise transmitting images and/or sounds of another person or persons without direct administrative approval and consent of the person(s) being recorded, other than recording of persons participating in school activities that are open to the public; (g) "sexting;" or (h) activities which invade the privacy of others. Such student misuses will be dealt with as serious school violations, and immediate and appropriate disciplinary action will be imposed, including, but not limited to, suspension and expulsion from school.

(2) Disposition of Confiscated Electronic Devices: Electronic devices possessed or used in violation of this policy may be confiscated by school personnel and returned to the student or parent/guardian at an appropriate time. If an electronic device is confiscated, the electronic device shall be taken to the school's main office to be identified, placed in a secure area, and returned to the student and/or the student's parent/guardian in a consistent and orderly way.

(i) First Violation: Depending upon the nature of the violation and the imposition of other appropriate disciplinary action, consequences at a minimum may include a relinquishment of the electronic device to the school administration and a conference between the student and school principal or assistant principal. The electronic device shall remain in the possession of the school administration until such time as the student personally comes to the school's main office and retrieves the electronic device.

(ii) **Second Violation:** Depending upon the nature of the violation and the imposition of other appropriate disciplinary action, consequences at a minimum may include a relinquishment of the electronic device to the school administration and a conference between the student and his/her parent/guardian and the school principal or assistant principal. The electronic device shall remain in the possession of the school administration until such time as the student's parent/guardian personally comes to the school's main office and retrieves the electronic device.

(iii) **Third Violation:** Depending upon the nature of the violation and the imposition of other appropriate disciplinary action, consequences at a minimum may include a relinquishment of the electronic device to the school administration, a conference between the student and his/her parent/guardian and the school principal or assistant principal, and suspension of the student from school. The electronic device shall remain in the possession of the school administration until such time as the student's parent/guardian personally comes to the school's main office and retrieves the electronic device.

(3) **Penalties for Prohibited Use of Electronic Devices:** Students who receive a "sexting" message are to report the matter to a school administrator and then delete such message from their electronic device. Students shall not participate in sexting or have any "sexting" message on their electronic devices regardless of when the message was received while on school grounds or at a school activity. Students who violate the prohibitions of this policy shall be subject to the imposition of appropriate disciplinary action, up to and including expulsion, provided that at a minimum the following penalties shall be imposed:

(i) Students found in possession of a "sexting" message shall be subject to a one (1) day suspension from school.

(ii) Students who send or encourage another to send a "sexting" message shall be subject to a five (5) day suspension from school.

(4) **Reporting to Law Enforcement:** Violations of this policy regarding the prohibited use of electronic devices that may constitute a violation of federal or state laws and regulations, including, but not limited to, the Nebraska Child Protection Act or the Nebraska Child Pornography Prevention Act shall be reported to appropriate legal authorities and law enforcement.

e. **Responsibility for Electronic Devices.** Students or their parents/guardians are expected to claim a confiscated electronic device within ten (10) days of the date it was relinquished. The school shall not be responsible, financially or otherwise, for any unclaimed electronic devices. By bringing such devices to school, students and parents authorize the school to dispose of unclaimed devices at the end of each semester. The District is not responsible for the security and safekeeping of students'

electronic devices and is not financially responsible for any damage, destruction, or loss of electronic devices.

### **Inappropriate Public Displays of Affection (IPDA)**

Students are not to engage in inappropriate public displays of affection on school property or at school activities. Such conduct includes kissing, touching, fondling or other displays of affection that would be reasonably considered to be embarrassing or a distraction to others. Students will face the following consequences for IPDA:

1. 1st Offense: Student will be confronted and directed to cease.
2. 2nd Offense: Student will be confronted, directed to cease, and parents will be notified.
3. 3rd Offense: Student will be suspended from school for a minimum of 1 day, and parents and student will need to meet with Administrator(s) and/or counselor.

If this type of behavior continues, or if the IPDA is lewd or constitutes sexual conduct, the student could face long-term suspension or expulsion.

F. **Specific Rule Items:** The following conduct may result in disciplinary action which, in the repeated violations, may result in discipline up to expulsion:

1. Students are not given locker passes, restroom passes or telephone passes to leave a classroom or study hall unless special circumstances arise.
2. Students in the hallway during class time must have a pass with them.
3. Gum, candy, seeds, etc. are not allowed in the school building or classrooms.
4. Students are expected to bring all books and necessary materials to class. This includes study halls.
5. Assignments for all classes are due as assigned by the teacher.
6. Students are not to operate the mini-blinds or the windows.
7. Classes are ended by the teacher. Students are not to begin to pack up or leave the class until the dismissal bell has rung or the teacher has dismissed the class.
8. Students are to be in their seats and ready for class on the tardy bell.
9. Special classes such as Industrial Technology, Art, P.E., and computer courses will have other safety or clean-up rules that will be explained to students by that teacher which must be followed.
10. Students are not to bring “nuisance items” to school. A nuisance item is something that is not required for educational purposes and which would cause a distraction to the student or others.
11. Students are to stand back from the entry steps and doors in the mornings before school and at noon before the bell so that others may pass in and out of the entry doors.
12. Snow handling is prohibited.

### **Harassment and Bullying Policy**

One of the missions of St. Edward Public School is to provide safe and secure environments for all students and staff. Positive behaviors (non-violence, cooperation, teamwork, understanding, and acceptance of others) are encouraged in the educational program and required of all students and staff. Inappropriate behaviors (bullying, intimidation and harassment) are to be identified and corrected. Students and staff are to avoid such behaviors. Strategies and practices are implemented to reinforce positive behaviors and to discourage and protect others from inappropriate behaviors.

“Bullying” is behavior where one person or group engages in harmful action towards another person or group acting on a real or perceived imbalance of power or view of superiority. The behavior typically includes verbal (e.g. teasing or name-calling) and physical aggression (e.g. hitting, pushing), threatening, excluding or ignoring, spreading rumors, or taking, defacing or destroying the others’ property. “Harassment” includes the same actions, though not necessarily from a standpoint of perceived power. Harassment is prohibited. Bullying and harassment is a violation of student conduct rules and appropriate disciplinary measures, up to expulsion, will be enforced. When bullying or harassment is done on the basis of gender, disability, race, or other protected status, it is considered a very serious offense for which expulsion may be a likely consequence depending on the severity of the conduct.

Students who are the victim of bullying or harassment or who observe such occurring are to promptly report the problem to their teacher or to the Principal so the problem can be addressed. Students who make reports of bullying activity will not be retaliated against for making the report. A Student or students who witness bullying or harassment may be subject to disciplinary actions as identified below.

It is the policy of the St. Edward Public School District that “bullying” type behavior is not to be permitted. These guidelines are established to respond specifically to bullying behavior. Students and parents are advised that other response measures are also in place and set forth in this handbook for behavior which is discriminatory or harassing on unlawful grounds (e.g. sexual harassment, harassment of students with disabilities, race harassment, etc.)

- a. **Step One:** the first time school personnel become aware of a possible harassment or bullying situation, the accused student will be informed that such a complaint has been filed. At that time a warning will be given regarding this kind of behavior. The consequences for this kind of behavior in the future will be clearly outlined for the student. If, in the school’s opinion, the first occurrence of harassment behavior is severe, the school may move immediately to any of the four steps in the harassment policy. In other words, the policy may or may not be used sequentially. Moreover, at any stage the student may be disciplined under the student code by actions which may include expulsion, in the event the conduct is also a violation of other provisions of the student code.
- b. **Step Two:** The second time school personnel become aware of a harassment incident, the student’s parents will be notified. A conference will be requested at that time. If it is determined that the student has harassed another student, consequences will be assigned. A student may stay on the second step as long as school authorities feel the consequences are effectively correcting the harassment behaviors. If it is determined there is no basis for the harassment accusation, no consequences will be assigned. If the school determines that a student is intentionally making a false accusation against another student, an appropriate response will be made.
- c. **Step Three:** If the school authorities determine the student continues to harass another student or the student fails to agree to not harass in the future, the school may assign the student to the Harassment Program level set forth below which the school authorities determine to be appropriate.
- d. **Step Four:** If a student fails to respond positively to the corrective measures of the Harassment Program, the student will be suspended from school for a minimum of five school days, up to expulsion. School authorities will determine the action necessary to insure a safe learning environment for all students.

#### **Harassment and Bullying Program Levels: (in reference to the Harassment and Bullying Policy)**

## **Internet Safety and Computer Acceptable Use**

### **A. Internet Safety Policy**

It is the policy of St. Edward Public School to comply with the Children’s Internet Protection Act (CIPA). With respect to the District’s computer network, the District shall: (a) prevent user access to, or transmission of, inappropriate material via Internet, electronic mail, or other forms of direct electronic communications; (b) provide for the safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communications; (c) prevent unauthorized access, including so-called “hacking,” and other unlawful activities online; (d) prevent unauthorized online disclosure, use, or dissemination of personal identification information of minors; and (e) implement measures designed to restrict minors’ access to materials (visual or non-visual) that are harmful to minors.

1. **Definitions.** Key terms are as defined in CIPA. “Inappropriate material” for purposes of this policy includes material that is obscene, child pornography, or harmful to minors. The term “harmful to minors” means any picture, image, graphic image file, or other visual depiction that: (1) taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; (2) depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and (3) taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.
2. **Access to Inappropriate Material.** To the extent practical, technology protection measures (or “Internet filters”) shall be used to block or filter Internet, or other forms of electronic communications, access to inappropriate information. Specifically, as required by the CIPA, blocking shall be applied to visual depictions of material deemed obscene or child pornography, or to any material deemed harmful to minors. Subject to staff supervision, technology protection measures may be disabled or, in the case of minors, minimized only for bona fide research or other lawful purposes.
3. **Inappropriate Network Usage.** To the extent practical, steps shall be taken to promote the safety and security of users of the District’s online computer network when using electronic mail, chat rooms, instant messaging, and other forms of direct electronic communications. Specifically, as required by CIPA, prevention of inappropriate network usage includes: (a) unauthorized access, including so-called ‘hacking,’ and other unlawful activities; and (b) unauthorized disclosure, use, and dissemination of personal identification information regarding minors.
4. **Supervision and Monitoring.** It shall be the responsibility of all members of the District staff to supervise and monitor usage of the online computer network and access to the Internet in accordance with this policy and CIPA. Procedures for the disabling or otherwise modifying any technology protection measures shall be the responsibility of the Superintendent and the Superintendent’s designees.
5. **Social Networking.** Students shall be educated about appropriate online behavior, including interacting with others on social networking websites and in chat rooms, and cyberbullying awareness and response. The plan shall be for all students to be provided education on these subjects. The Superintendent or the Superintendent’s designee shall be responsible for identifying educational materials, lessons, and/or programs suitable for the age and maturity level of the students and for ensuring the delivery of such materials, lessons, and/or programs to students.
6. **Adoption.** This Internet Safety Policy was adopted by the Board at a public meeting, following normal public notice.

### **B. Computer Acceptable Use Policy**

This computer acceptable use policy is supplemental to the District’s Internet Safety Policy.

1. **Technology Subject to this Policy.** This Computer Acceptable Use Policy applies to all technology resources of the District or made available by the District. Technology resources include, without limitation, computers and related technology equipment, all forms of e-mail and electronic communications, and the internet.
2. **Access and User Agreements.** Use of the District technology resources is a privilege and not a right. The Superintendent or designee shall develop appropriate user agreements and shall require that employees, students (and their parents or guardians), and others to sign such user agreements as a condition of access to the technology resources, as the Superintendent determines appropriate. Parents and guardians of students in programs operated by the District shall inform the Superintendent or designee in writing if they do not want their child to have access.
  - a. The Superintendent and designees are authorized and directed to establish and implement such other regulations, forms, procedures, guidelines, and standards to implement this Policy.

- b. The technology resources are not a public forum. The District reserves the right to restrict any communications and to remove communications that have been posted.
- 3. Acceptable Uses. The technology resources are to be used for the limited purpose of advancing the District's mission. The technology resources are to be used, in general, for educational purposes, meaning activities that are integral, immediate, and proximate to the education of students as defined in the E-rate program regulations.

4. Unacceptable Uses.

The following are unacceptable uses of the technology resources:

- a. **Personal Gain:** Technology resources shall not be used, and no person shall authorize its use, for personal financial gain other than in accordance with prescribed constitutional, statutory, and regulatory procedures, other than compensation provided by law.
- b. **Personal Matters:** Technology resources shall not be used, and no person shall authorize its use, for personal matters.

Occasional use that the Superintendent or designee determines to ultimately facilitate the mission of the District is not prohibited by this provision. Examples of occasional use that may be determined to ultimately facilitate the mission of the District: sending an e-mail to a minor child or spouse; sending an e-mail related to a community group in which an employee is a member where the membership in the community group facilitates the District's mission.

- 1) This occasional use exception does not permit use by employees contrary to the expectations of their position. For example, employees may not play games or surf the net for purposes not directly related to their job during duty time; nor may students do so during instructional time.
- 2) The occasional use exception also does not permit use of the technology resources for private business, such as searching for or ordering items on the internet for non-school use; or sending an e-mail related to one's own private consulting business.
- c. **Campaigning:** Technology resources shall not be used, and no person shall authorize its use, for the purpose of campaigning for or against the nomination or election of a candidate or the qualification, passage, or defeat of a ballot question.
- d. **Technology-Related Limitations:** Technology resources shall not be used in any manner which impairs its effective operations or the rights of other technology users. Without limitation,
  - 1) Users shall not use another person's name, log-on, password, or files for any reason, or allow another to use their password (except for authorized staff members).
  - 2) Users shall not erase, remake, or make unusable another person's computer, information, files, programs or disks.
  - 3) Users shall not access resources not specifically granted to the user or engage in electronic trespassing.
  - 4) Users shall not engage in "hacking" to gain unauthorized access to the operating system software or unauthorized access to the system of other users.
  - 5) Users shall not copy, change, or transfer any software without permission from the network administrators.
  - 6) Users shall not write, produce, generate, copy, propagate, or attempt to introduce any computer code designed to self-replicate, damage, or otherwise hinder the performance of any computer's memory, file system, or software. Such software is often called a bug, virus, worm, Trojan horse, or similar name.
  - 7) Users shall not engage in any form of vandalism of the technology resources.
  - 8) Users shall follow the generally accepted rules of network etiquette. The Superintendent or designees may further define such rules.
- e. **Other Policies and Laws:** Technology resources shall not be used for any purpose contrary to any District policy, any school rules to which a student user is subject, or any applicable law. Without limitation, this means that technology resources may not be used:
  - 1) to access any material contrary to the Internet Safety Policy; or to create or generate any such material.
  - 2) to engage in unlawful harassment or discrimination, such as sending e-mails that contain sexual jokes or images.
  - 3) to engage in violations of employee ethical standards and employee standards of performance, such as sending e-mails that are threatening or offensive or which contain abusive language; use of end messages on e-mails that may imply that the District is supportive of a particular religion or religious belief system, a political candidate or issue, or a controversial issue; or sending e-mails that divulge protected confidential student information to unauthorized persons.

- 4) to engage in or promote violations of student conduct rules.
  - 5) to engage in illegal activity, such as gambling.
  - 6) in a manner contrary to copyright laws.

5. **Disclaimer.** The technology resources are supplied on an “as is, as available” basis. The District does not imply or expressly warrant that any information accessed will be valuable or fit for a particular purpose or that the system will operate error free. The District is not responsible for the integrity of information accessed, or software downloaded from the Internet.
  6. **Filter.** A technology protection measure is in place that blocks and/or filters access to prevent access to Internet sites that are not in accordance with policies and regulations. In addition to blocks and/or filters, the District may also use other technology protection measures or procedures as deemed appropriate.
    - a. Notwithstanding technology protection measures, some inappropriate material may be accessible by the Internet, including material that is illegal, defamatory, inaccurate, or potentially offensive to some people. Users accept the risk of access to such material and responsibility for promptly exiting any such material.
    - b. The technology protection measure that blocks and/or filters Internet access may be disabled only by an authorized staff member for bona fide research or educational purposes: (a) who has successfully completed District training on proper disabling circumstances and procedures, (b) with permission of the immediate supervisor of the staff member requesting said disabling, or (c) with the permission of the Superintendent. An authorized staff member may override the technology protection measure that blocks and/or filters Internet access for a minor to access a site for bona fide research or other lawful purposes provided the minor is monitored directly by an authorized staff member.
  7. **Monitoring.** Use of the technology resources, including but not limited to internet sites visited and e-mail transmitted or received, is subject to monitoring by the administration and network administrators at any time to maintain the system and insure that users are using the system responsibly, without notice to the users. Users have no privacy rights or expectations of privacy with regard to use of the District’s computers or Internet system. All technology equipment shall be used under the supervision of the Superintendent and the Superintendent’s designees.
  8. **Sanctions.** Violation of the policies and procedures concerning the use of the District technology resources may result in suspension or cancellation of the privilege to use the technology resources and disciplinary action, up to and including expulsion of students and termination of employees. Use that is unethical may be reported to the Commissioner of Education. Use that is unlawful may be reported to the law enforcement authorities. Users shall be responsible for damages caused and injuries sustained by improper or non-permitted use.

**Publication of Student Work and Photos/Video of Students**

Publication of student work and images/video of students is a key part of instruction, and recognition of students and their accomplishments is essential. In an effort to allow and encourage these practices, while trying to insure student safety and privacy, the following procedures will be followed:

Pictures of students, pictures taken by students, and text written by students will be allowed to be published, On the School Website, in the district newsletter, in the community newspaper (with full name and family affiliation, if appropriate) and in the school newspaper, if applicable, and in the school yearbook (with full name).

School use of student work (e.g. pictures, text, audio, video) and photos of groups of students engaged in school activities will be allowed, with first name and last initial associated with the photo and work. Individual photos of students will only be associated with full names in settings typically inaccessible to the general public.

If student products (e.g. text, photos, audio, and video) are to be saved to be used as samples for future instruction, permission will be obtained from the student and the parent and kept on file. The student and parent retain copyright rights. The student and/or parent may withdraw their permission for use at any time. The student name will not be associated with the work unless so requested by the student or if it is embedded in the project (e.g. in movie credits).

Student work that is to be submitted by the school for consideration for publication or for contests (other than locally-sponsored contests or a local newspaper/newsletter) will require both student and parent permission.

### **Online Publication**

Any pictures of a student, pictures taken by a student, or text/audio/video of or by students may be posted on the school web site or other site deemed of educational value. Class name or the grade level of the group may be specified, but no names will be associated with individuals unless the nature of the publication is recognition of student involvement or achievement, in which case, only the first name and last initial will be used. Parents and students will be informed as to how to access anything posted on web sites other than the school website. At any time, a parent or student may request the removal from the Internet of anything depicting, or created by, that student if a staff member was responsible for the posting. Removal will occur in a timely manner.

### **Request for More Restrictions**

Any parent who chooses to have more restrictions than those outlined above must notify the building principal in writing. The restrictions will apply to all publications occurring after the date of official receipt of the notification and will remain in effect unless canceled in writing by the parent.

### **Reporting Student Law Violations**

1. Cases of law violations or suspected law violations by students will be reported to the police and to the student's parents or guardian as soon as possible.
2. When a Principal or other school official releases a minor student to a peace officer (e.g. police officer, sheriff, and all other persons with similar authority to make arrests) for the purpose of removing the minor from the school premises, the Principal or other school official shall take immediate steps to notify the parent, guardian, or responsible relative of the minor regarding the release of the minor to the officer and regarding the place to which the minor is reportedly being taken, except when a minor has been taken into custody as a victim of suspected child abuse, in which case the Principal or other school official shall provide the peace officer with the address and telephone number of the minor's parents or guardian.
3. In an effort to demonstrate that student behavior is always subject to possible legal sanctions regardless of where the behavior occurs it shall be the policy of the local law enforcement agencies to notify the proper St. Edward Public School District legal authorities when a student engages in any of the following behaviors on school grounds or at a school sponsored event:
  - a. Knowingly possessing illegal drugs or alcohol.
  - b. Assault.

(School Law 28-710) Abuse or neglect shall mean knowingly, intentionally, or negligently causing or permitting a minor child or an incompetent or disabled person to be:

- e. Sexually abused.

## **Extra-Curricular Activities – Rights, Conduct, Rules and Regulations**

### **Extracurricular Activity Philosophy**

The St. Edward School activity programs are an important part of the total school program. Those students who participate in these programs reflect the image of the school and the community of St. Edward. This philosophy is firmly

based on the belief that there is more to an activity program than simply participating. Striving for excellence is vital. During the school year, students must maintain peak physical and mental condition. This will enable them to function and perform to the best of their ability. Therefore, the activity sponsor, administration, and Board of Education of St. Edward Public School will not tolerate the use of or the intent to use alcohol, tobacco, and/or illegal drugs by students.

The philosophy of the St. Edward School activity program is also based on the belief that students are representatives of the school and the community of St. Edward as long as they participate in the activity program. As such, their actions, both on and off the playing field, stage, court, etc. must be above reproach. Others judge our school on the student participants' conduct and attitudes, and how they contribute to our school spirit and community image. Activity related incidents would destroy the proper image of St. Edward School. Such incidents, as well as the use, of alcohol, tobacco, or illegal drugs, are considered improper behavior for participating students and are subject to penalties. This philosophy recognizes the fact that there must be close cooperation between the coaches, sponsors, students, and the parents if the school activity policies are to be successful and effective. The school activity policies are for the benefit of the student. The parents and the school must share the responsibility of making sure that the rules are adhered to. If the parents and the school work together to enforce these rules, a smooth-running successful school activities program can result.

### Safety

The District's philosophy is to maintain an activities program which recognizes the importance of the safety of the participants. To ensure safety, participants are required to become fully familiar with the dangers and safety measures established for the activity in which they participate, to adhere to all safety instructions for the activity in which they participate, to inform their coach or sponsor when they are injured or have health problems that require their activities be restricted, and to exercise common-sense.

### Warning for Participants and Parents

The purpose of this warning is to bring your attention to the existence of potential dangers associated with athletic injuries. Participation in any intramural or athletic activity may involve injury of some type. The severity of such injury can range from minor cuts, bruises, sprains and muscle strains to more serious injuries to the body's bones, joint, ligaments, tendons, or muscles, to catastrophic injuries to the head, neck and spinal cord. On rare occasions, injuries can be so severe as to result in total disability, paralysis or death. Even with appropriate coaching, appropriate safety instruction, appropriate protective equipment and strict observance of the rules, injuries are still a possibility.

### Extracurricular Activity Rules and Procedures

Activities Subject to the Code of Conduct: The rules apply to all extracurricular activities. Extracurricular activities means student activities or organizations which are supervised or administered by the school district which do not count toward graduation or grade advancement and in which participation is not otherwise required by the school.

School-Sponsored Events or Activities for which the policy applies are:

1. Athletic contests
2. Cheerleading/Dance Team
3. Speech contests and clinics
4. Play Production performances, contests, and clinics
5. Music competitions, clinics, and performances
6. FFA contests and clinics
7. FCCLA contests and clinics
8. Quiz Bowl contests
9. Student Council clinics and activities
10. Honor Society activities
11. Other activities deemed by the Principal to be appropriate to include, dances, Prom and/or Graduation

A participant means a student who participates in, has participated in, or will participate in an extracurricular activity.

When: The rules apply to conduct which occurs at any time during the calendar year.

The rules also apply when a student is participating or scheduled to participate in an extracurricular activity which is held outside the school year or the NSAA season. For example, if an FFA or FCCLA student plans to participate in a conference in July and commits a Code of Conduct infraction in June, the student may be suspended from participating in the conference. Conduct during the summer months may also affect a student's participation under the team selection and playing time guidelines.

Where: The rules apply regardless of whether the conduct occurs on and off school grounds. If the conduct occurs on school grounds, at a school function or event, or in a school vehicle, the student may also be subject to further discipline under the general student code of conduct. A student who is suspended or expelled from school shall not be permitted to participate in activities during the period of the suspension or expulsion, and may also receive an extended activity suspension.

Transportation: Participants are expected to ride the school provided transportation on the way home from contests. In the event that a participant would like to ride with their parent/guardian, they must sign off before leaving with their parent/guardian. If it is a bus, then the bus driver will have the sign off sheet, and if it is in a van, then the coach/sponsor will have a signature document. Alternate transportation forms are available from the activity director and must be signed 24 hours before the event, unless approved by administration.

### **Grounds for Extracurricular Activity Discipline**

Students who participate in extracurricular activities are expected to demonstrate cooperation, patience, pride, character, self-respect, self-discipline, teamwork, sportsmanship, and respect for authority. The following rules have been determined by the Board of Education to be reasonably necessary to aid students, further school purposes, and prevent interference with the educational process. Such conduct constitutes grounds for suspension from participation in extracurricular activities and grounds for other restrictions or disciplinary measures related to extracurricular activity participation:

1. Willfully disobeying any reasonable written or oral request of a school staff member, or the voicing of disrespect to those in authority.
2. Use of violence, force, coercion, threat, intimidation, harassment or similar conduct in a manner that constitutes a substantial interference with school or extracurricular activity purposes or making any communication that a reasonable person would interpret as a serious expression of an intent to harm or cause injury to another.
3. Willfully causing or attempting to cause substantial damage to property, stealing or attempting to steal property, repeated damage or theft involving property or setting or attempting to set a fire of any magnitude.
4. Causing or attempting to cause personal injury to any person, including a school employee, school volunteer, or student. Personal injury caused by accident, self-defense, or other action undertaken on the reasonable belief that it was necessary to protect another person shall not constitute a violation.
5. Threatening or intimidating any student for the purpose of, or with the intent of, obtaining money or anything of value from a student or making a threat which causes or may be expected to cause a disruption to school operations.
6. Knowingly possessing, handling, or transmitting any object or material that is ordinarily or generally considered a weapon or that has the appearance of a weapon, or bringing or possessing any explosive device, including fireworks, on school grounds or at a school function or event, or in a manner that is unlawful or contrary to school activity rules.
7. Selling, using, possessing or dispensing alcohol, tobacco, narcotics, drugs, a controlled substance, or an inhalant; being under the influence of any of the above; possession of drug paraphernalia, or the selling, using, possessing, or dispensing of an imitation controlled substance as defined in section 28-401 of the Nebraska statutes, or material represented to be alcohol, narcotics, drugs, a controlled substance or inhalant. Use of a controlled substance in the manner prescribed for the student by the student's physician is not a violation. (Note: refer to "Drug and Alcohol Violations" for further information).
8. Public indecency.
9. Sexual assault or attempting to sexually assault any person. Engaging in sexual conduct, even if consensual, on school grounds or at a school function or event.
10. Engaging in bullying, which includes any ongoing pattern of physical, verbal, or electronic abuse on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or a school employee's designee, or at school-sponsored activities or school-sponsored athletic events;
11. Engaging in any activity forbidden by law which constitutes a danger to other students, interferes with school purposes or an extracurricular activity, or reflects a lack of high ideals.
12. Repeated violation of any of the school rules.
13. Truancy or failure to attend assigned classes or assigned activities; or tardiness to school, assigned classes or assigned activities.

14. The use of language, written or oral, or conduct, including gestures, which is profane or abusive to a school employee, school volunteer, or student. Profane or abusive language or conduct includes, but is not limited to, that which is commonly understood and intended to be derogatory toward a group or individual based upon race, gender, national origin, or religion.
15. Dressing or grooming in a manner which is dangerous to the student's health and safety or a danger to the health and safety of others or repeated violations of dress and grooming standards; dressing, grooming, or engaging in speech that is lewd or indecent, vulgar or plainly offensive; dressing, grooming, or engaging in speech that school officials reasonably conclude will materially and substantially disrupt the work and discipline of the school or of an extracurricular activity; dressing, grooming, or engaging in speech that a reasonable observer would interpret as advocating illegal drug use.
16. Willfully violating the behavioral expectations for those students riding St. Edward Public School Buses or vehicles used for activity purposes.
17. Failure to report for the activity at the beginning of the season. Reporting for one activity may count as reporting on time if there is a change in activity within the season approved by the coach or the supervisor.
18. Failure to participate in regularly scheduled classes on the day of an extracurricular activity or event.
19. Failure to attend scheduled practices and meetings. If circumstances arise to prevent the participant's attendance, the validity of the reason will be determined by the coach or sponsor. Every reasonable effort should be made to notify the coach or sponsor prior to any missed practice or meeting.
20. All other reasonable rules or regulations adopted by the coach or sponsor of an extracurricular activity shall be followed, provided that participants shall be advised by the coach or sponsor of such rules and regulations by written handouts or posting on bulletin boards prior to the violation of the rule or regulation.
21. Failure to comply with any rule established by the Nebraska School activities Association, including, but not limited to, the rules relating to eligibility.

All terms used in the rules have a less strict meaning than under criminal law and are subject to reasonable interpretation by school officials.

### **Consequences for Violations of Extracurricular Activity Rules and Procedures**

**First violation:** Student is suspended for 21 calendar days from participation in or attending any school-sponsored events or activities (home or away) and receives the Additional Disciplinary Action (see section 7).

Self-reporting for First violation:

Any student self-reporting a violation of Section 3 will receive a credit of 7 calendar days. In addition, the student will receive a credit in the Additional Disciplinary Action of 1 school-sponsored event or activity.

**Second violation:** During the current school year: student suspended for 180 calendar days, from participation in or attending any school-sponsored events or activities (home or away) and receives the Additional Disciplinary Action (see section 7).

Self-reporting for Second violation:

Any student self-reporting a violation of Rule 2 will receive a credit of 60 calendar days. In addition, the student will receive a credit in the Additional Disciplinary Action of 1 school-sponsored event or activity.

### **Further violations of Section 3:**

Any other violations (third, fourth, etc.) that occur during the current school year will require a mandatory meeting between the student, parent/guardian, and administration to determine future suspensions from school-sponsored events or activities. The school administrators shall determine the appropriate suspension.

### **Violations of Section 3 Outside the School Year:**

The school year for purposes of the cumulative sanctions for Section 3 violations means the time frame which begins with the official starting day of the fall sport season established by the NSAA and extends to the last day of the spring sport season established by the NSAA. When a violation occurs outside the school year (e.g., during the summer), that violation counts as the student's first violation for the next succeeding school year.

**Other violations of laws of the State of Nebraska**  
**Misdemeanor Policy**

Any student cited by law enforcement (charged or ticketed) of a misdemeanor criminal offense or convicted of a misdemeanor criminal offense becomes ineligible for any school-sponsored events or activities for 30 calendar days in the event school officials determine a violation of the law has occurred or that, if the conduct had been committed on school grounds, such would be a violation of school conduct rules and receives the Additional Disciplinary Action (see section 7). In addition, the student is ineligible for the next 3 school-sponsored events or activities in which the student is scheduled or had intended to attend and/or participate. This misdemeanor policy does not apply to minor traffic violations or Section 3 violations.

Self-reporting for a Misdemeanor:

Any student self-reporting a violation of Rule 3 will receive a credit of 10 calendar days. In addition, the student will receive a credit in the Additional Disciplinary Action of 1 school-sponsored event or activity.

**Felony Policy**

Any student charged with or convicted of a felony charge becomes ineligible for any school-sponsored events or activities for 180 calendar days in the event school officials determine a violation of the law has occurred or that, if the conduct had been committed on school grounds, such would be a violation of school conduct rules. In addition the student receives the Additional Disciplinary Action (see section 7).

Self-reporting for Felony charge:

Any student self-reporting a violation of Rule 4 will receive a credit of 60 calendar days. In addition, the student will receive a credit in the Additional Disciplinary Action of 1 school-sponsored event or activity.

**Steroid Offenses**

Steroids offenses are subject to different penalties due to state law. A student who possesses, dispenses, delivers, or administers anabolic steroids shall be subject to the penalties under Section 3, as applicable, provided the penalty shall also include the following minimum suspensions:

- First Offense: 30 consecutive days.
- Second or Any Subsequent Offense: The student shall be prohibited from participating in any extracurricular activities for one (1) calendar year from date of finding of violation.

**Coach or Sponsor Rules**

Coaches and sponsor may establish additional conduct rules and expectations for subjects other than tobacco, alcohol, drugs and crimes. Students may be disciplined for violations of the conduct rules and expectations. Such discipline may include suspensions from activities. The length of such suspensions will be as set forth in the rules of the coach or sponsor. Where the rules of the coach or sponsor do not specify the length of the suspension, the coach or sponsor shall determine the appropriate suspension, subject to review by the school administration.

**Additional Disciplinary Action**

Any student/athlete found to have violated Section 3 of the Activity Policy will have an Additional Disciplinary Action of being immediately ineligible for the next 3 school-sponsored events or activities in which the student/athlete is scheduled or had intended to attend and/or participate.

**Letters and Post-Season Honors**

Student/athletes who commit a Section 3 or Section 5 violation are: (1) eligible to letter, provided the student/athlete meets the criteria of the coach or sponsor, and (2) ineligible to receive honors during the sport or activity in which they are participating at the time of the rule violation and/or in sports or activities in which they have missed events due to the rule violation.

## **Scope of the Activity Policy**

**Where:** The Activity Policy rules apply regardless of whether the conduct occurs on and off school grounds. If the conduct occurs on school grounds, at a school function or event, or in a school vehicle, the student may also be subject to further discipline under the general student code of conduct. A student who is suspended or expelled from school shall not be permitted to participate in activities during the period of the suspension or expulsion, and may also receive an extended activity suspension.

**When:** The Activity Policy rules apply to conduct which occurs at any time, year-round.

## **Meaning of Terms**

The terms used in the Activity Policy have a less strict meaning than under criminal law.

- **Use** includes any level of consumption or use of any of the prohibited substances (tobacco, controlled substance and alcohol).
- **Under the influence** means any level of impairment and includes even the odor of alcohol on the breath or person of a student, or the odor of an illicit drug on the student. Also, it includes being impaired by reason of the abuse of any material used as a stimulant.
- **Possession** includes having control of the substance and also includes being in the same area where the substance is present and no responsible adult present and responsible for the substance. Possession includes situations where, for example: (1) alcohol is in a vehicle in which a participant is present--the participant is considered to be in possession if the participant is aware that the alcohol is in the vehicle, even though the participant has not touched or consumed the alcohol, provided that the alcohol is not in the control of a parent or guardian or other responsible adult (age 21 or older) and (2) alcohol is present at a party attended by the participant—the participant is considered to be in possession if the participant is aware that alcohol is at the party, even though the participant has not touched or consumed the alcohol, provided that the alcohol is not in the control of a parent or guardian or other responsible adult (age 21 or older).
- **Self-Reporting**. A self-report means that the student has told the school administration of the student's violation of the Activity Policy. To be effective for purposes of reduced sanctions, the self-report must meet the following conditions:
  - **Timeliness**: The self-report must be made the earlier of: (1) within 24 hours of committing the infraction or (2) before participation in an extracurricular or co-curricular activity. The student's parent or guardian may make the self-report on behalf of the student provided the student gives a written statement of the self-report upon request of school administration.
  - **Completeness**: In making a self-report, the student must identify the events that took place, what conduct the student engaged in, and any witnesses to the student's conduct. If requested, the student must put this information in a written statement. Activity participants are expected to be honest and forthright with school officials. In the event the student is asked for information pertaining to compliance (or lack of compliance) with the Activity Policy by other students, the self-reporting student must fully, completely, and honestly provide the requested information.

## **Determining a Violation Has Occurred**

A violation of the Activity Policy will be determined to have occurred under any one of the following circumstances:

1. When a student is cited by law enforcement and school officials have a reasonable basis for determining that grounds for the issuance of the citation exist. (School officials may determine that a violation of the Activity Policy has occurred even though a criminal charge related to the conduct is still pending and even if Student has been found not guilty or the criminal charge has been otherwise dismissed. )
2. When a student is convicted of a criminal offense. Conviction includes, without limitation, a plea of no contest and an adjudication of delinquency by the juvenile court. Entering into a pretrial diversion program will be considered an admission of guilt of a violation of the Activity Policy.
3. When a student self-reports or otherwise admits to violating one of the standards of the Activity Policy.
4. When a student is accused by another person of violating one of the standards of the Activity Policy and school officials determine that such information is reliable.
5. When school officials otherwise find sufficient evidence to support a determination that a violation has occurred.

### **When Suspensions and Activity Ineligibility Sanctions Begin**

All suspensions and activity ineligibility sanctions begin when the school administration determines the rule violation occurred and determines the sanction to be imposed, provided that the school administration shall have the discretion to establish a time period for the suspension that makes the suspension have a real consequence for the student. This includes the possibility of the administration suspending a student indefinitely until any and/or all rule violations, to include Misdemeanor and Felony violations, are resolved. For example, if a student commits a drug offense in June, the 21-day suspension may be imposed (and ordinarily would be) beginning with the official starting day of the fall sport season established by the NSAA. During a suspension, participants may be required or permitted to practice at the sole discretion of the coach or activity sponsor. Suspensions in the Spring will be carried over to the Fall when the suspension has not been fully served or when determined appropriate for the suspension to have a real consequence for the student.

### **Procedures for Activity Policy Discipline**

The following procedures will be followed with regard to Activity Policy suspensions and activity ineligibility sanctions:

1. The school official(s) considering the suspension will make a reasonable investigation of the facts and circumstances and determine whether the suspension will help the student or other students, further school purposes, or prevent an interference with school purpose.
2. Prior to commencement of the suspension, the student is to be given oral or written notice of the charges against the student. The student will be advised of what the student is accused of having done, an explanation of the evidence the school has, and be given the opportunity to explain the student's version of the facts. (Detail is not required where the activity participant has made a self-report. Names of informants may be kept confidential where determined to be appropriate).
3. If the student is not readily available to meet with the school official for this purpose before the suspension is to begin, then the suspension may be imposed at that time so long as the opportunity for the student to hear the charges and evidence and for the student to tell his or her side of the story occurs as soon as reasonably practicable. An effort to schedule a meeting for this purpose should be made by the student and the student's parent or guardian as well. Given the fact that extracurricular activity suspension actions at times need to be taken outside the regular school day, a telephone conference may be used to give the student the opportunity to provide the student's position.
4. Within 2 days or such additional time as is reasonably necessary following the suspension, the principal or principal's designee will send a written statement to the student and the student's parents, or guardian describing the student's conduct, misconduct or violation of the rule or standard and the reason for the action taken and the right to a hearing upon request on the specified charges.
5. An opportunity will be afforded the student, parents, or guardian of the student, at their request, to confer on an informal basis with regard with the school official who has imposed the suspension and to give that school official any further information in the student's defense.
6. If the student or the student's parent/guardian is not satisfied with the determination of the school official, an informal hearing may be requested before the superintendent. A form to request such a hearing must be signed by the parent or guardian and will either be provided with the initial notice letter or be made available upon request in the principal's office. This request must be received by the building principal within 5 days of receiving the initial written notice of suspension.
7. If a hearing is requested, it shall be held within 10 days of the request. The Superintendent will notify the participants of the time and place of the hearing within 5 days of receiving the request. There will be no stay of the penalty imposed pending an appeal.
8. Upon conclusion of the hearing, a written decision will be rendered within 5 days. The written decision will be mailed or otherwise delivered to the participant, parents or guardian. A record of the hearing (copies of documents provided at the hearing and a tape recording or other recordation of the hearing itself) shall be kept by the school.
9. Nothing contained in this regulation shall prevent the participant, parents, guardian or representative from discussing and settling the matter with the appropriate school personnel at any stage.
10. "Days" for purposes of these procedures means school days when school is in session and business days if school is not in session.

### **Team Selection and Playing Time**

Team selection and playing time decisions are the responsibility of the individual coach or sponsor of the activity. Consistent, however, with the purposes of the activities program, the coaches and sponsors will follow the following established guidelines for team selection and playing time decisions, along with such other guidelines as each individual coach and sponsor may develop which are not inconsistent with these established guidelines:

**School Representative.** Student participants must demonstrate that they can and will represent themselves and their school in a manner which reflects the development of high ideals and appropriate values, which shall include good citizenship in the school and in the community.

**Success.** Student participants must demonstrate that they can make the activity program more successful, both from a standpoint of competitive success and success in promoting a positive school spirit. Characteristics for purposes of this criteria include the student's: (1) talent or skill, (2) desire to improve the student's own skills or talents as well as those of others in the activity, and (3) attitude of respect towards teammates, the coach or sponsor, the school, and the community.

### **Attendance Requirement to Participate in Activities**

Student participants are expected to meet the following attendance expectations:

Students must attend school all day of any scheduled school activity in order to participate in the activity. This includes sports contests, practice, music and band events, dances and any other extracurricular activities. Failure to attend on that day will result in a student being withheld from participation in the activity. Participants are expected to travel with the team to and from out of district activities. Exceptions may be made for extenuating circumstances, such as doctor/dentist appointments or family emergencies. A note from the doctor's office will be required to be deemed an excused absence. The exception must be approved by the principal or designee.

An UNEXCUSED absence on the school day prior to the activity, including weekend activities, will result in the student being withheld from participation in the activity. Exceptions may be made at the principal's discretion to include pre-excused absence and emergency absence as noted above.

### **Academic Standards**

Participation in extracurricular school activities is encouraged and desirable for all students. At the same time, the primary mission and responsibility for each student is to establish a firm academic foundation. A student participating in extracurricular school activities shows evidence of sincere effort towards scholastic achievement. At a minimum, the district shall follow the eligibility guidelines as set forth by the NSAA in its annual yearbook. Additional requirements are listed below. To be eligible for participation in extracurricular activities students must maintain passing grades in all courses per the eligibility policy.

Students with conditions, which qualify them for special education intervention, shall have the conditions of this policy adapted to the requirements identified in the individual's IEP

Any student who is a resident of the District and who is enrolled in a school which elects pursuant to section 79-1601 not to meet accreditation or approval requirements may participate in any of the District's extracurricular activity programs to the same extent and subject to the same requirements, conditions, and procedures as a full-time student in the District. The District's Activities Director will coordinate with the student's parent or guardian to secure assurances of compliance with these expectations. Any student covered by this subsection must enroll in five credit hours through the District in any semester. There shall be no preference given to any student participating in any extracurricular activity based on their status as a full-time or part-time student. Part-time students will be expected to comply with the same or similar expectations as full-time students to participate in any activity, including team rules. Participation in activities that are subject to the bylaws of the Nebraska School Activities Association (NSAA) will be limited to those students who meet the NSAA bylaws.

### **School Dances**

A school-sponsored dance is a school activity subject to all provisions of the Student Activity Code, and is a privilege available to students meeting all requirements for participation.

**General Rules of Student Conduct at Dances:** In addition to all rules of student conduct in the Student handbook, students attending dances shall adhere to the following rules of conduct:

1. **Who Can Attend:** These dances are open to actively attending St. Edward students in grades nine through twelve and their approved dates. No students younger than grade nine and no person 21 years of age or older shall be permitted to attend these dances. This includes homecoming and prom. Students must register their out-of-town/out-of-school dates with the office prior to the date of the dance for administrator approval. Students attending another Nebraska high school who have not been restricted from attending extracurricular activities at St. Edward High School or their own school are generally considered appropriate dates or invited guests.
  - a Some school dances may be restricted to students attending specified grades levels at St. Edward Public Schools. *Example: Jr. High Dances*
  - b Students who are currently suspended from school or from extracurricular activities may not attend.
  - c The school reserves the right to exclude persons who may or do cause a disruption or detract from the event. Dates or invited guests not attending our school are expected to follow the same rules of conduct that apply to our students.
  - d Rules for dances may restrict students and their guests from leaving the dance until the dance ends without written parental permission on a form provided.
  - e Students or their guests who engage in inappropriate behavior, whether on or off of the dance floor, may be asked to leave and law enforcement may be notified as necessary and appropriate.

## 2. **Regulations Specific for Prom Dance and Banquet**

The Prom Banquet will be open to actively attending St. Edward High School juniors, seniors, and their approved dates, and staff members. The prom dance will be open to actively attending St. Edward students in grades nine through twelve and their approved dates. No students below grade nine and no person 21 years of age or older shall be permitted to attend the prom dance and prom activities. Students must register their out-of-town/out-of-school dates with the office prior to the date of the dance for administrator approval.

1. **Prohibited Substances:** Alcoholic beverages, illegal drugs, and tobacco are prohibited. Anyone using prohibited substances or showing the effects of use will not be allowed admission or, if discovered after admission, be removed from the dance. Their parents will be contacted.  
Students and their dates may be required to submit to a breathalyzer prior to gaining entrance. Those who choose not to submit to a breathalyzer will not gain entrance. Law enforcement will be contacted if there is reasonable suspicion that the student or a student's date is under the influence of alcohol or drugs.
2. **Appropriate Attire:** Students and their guests must meet the dress code requirements established for each dance. Teachers or administrators will make the final decision as to whether or not a student's attire is appropriate. Students will be asked to change unacceptable items, which may mean that the student may have to return home to change the inappropriate clothing. It is advisable to check in advance of the dance with the Principal or staff sponsor for the event if you are uncertain about your attire.

## **Relationship Between Parents and Coaches/Sponsors**

Both parenting and coaching are very difficult vocations. By establishing an understanding between coaches and parents, both are better able to accept the actions of the other and provide a more positive experience for everyone.

Parents have the right to know the expectations placed on them and their children. Coaches and sponsors have the right to know if parents have a concern, they will discuss it with the coach at the appropriate time and place.

## Parents' Role in Interscholastic Athletics and Other Extracurricular Activities - Communicating with your children

- Make sure that your children know win or lose, scared or heroic, you love them, appreciate their efforts and are not disappointed in them. This will allow them to do their best without fear of failure. Be the person in their life they can look to for constant positive reinforcement.
- Try your best to be completely honest about your child's athletic ability, competitive attitude, sportsmanship and actual skill level.
- Be helpful, but don't coach them. It's tough not to, but it is a lot tougher for the child to be flooded with advice and critical instruction.
- Teach them to enjoy the thrill of competition, to be "out there trying," to be working to improve their skills and attitudes. Help them develop the feeling for competing, for trying hard, for having fun.
- Try not to relive your athletic life through your child in a way that creates pressure. If they are comfortable with you win or lose, then they are on their way to maximum enjoyment.
- Don't compete with the coach. If your child is receiving mixed messages from two different authority figures, he or she will likely become disenchanted.
- Don't compare the skill, courage, or attitude of your child with other members of the team.
- Get to know the coach(es). Then you can be assured his or her philosophy, attitudes, ethics, and knowledge are such that you are happy to have your child under his or her leadership.
- Always remember children tend to exaggerate, both when praised and when criticized. Temper your reaction, and investigate before overreacting.

## Communicating with the coach

- Communication you should expect from your child's coach includes:
  - Philosophy of the coach
  - Expectations the coach has for your child
  - Locations and times of all practices and contests
  - Team requirements
  - Procedure should your child be injured
  - Discipline that results in the denial of your child's participation
- Communication coaches expect from parents
  - Concerns expressed directly to the coach
  - Notification of any schedule conflicts well in advance
  - Specific concerns in regard to a coach's philosophy and/or expectations
- Appropriate concerns to discuss with coaches:
  - The treatment of your child, mentally, and physically
  - Ways to help your child improve
  - Concerns about your child's behavior
  - Injuries or health concerns. Report injuries to the coach immediately!! Tell the coach about any health concerns that may make it necessary to limit your child's participation or require assistance of trainers. Students are sometimes unwilling to tell coaches when they are injured, so please make sure the coach is told.
- Issues not appropriate to discuss with coaches:
  - Playing time
  - Team strategy
  - Play calling
  - Other student-athletes (except for reporting activity code violations)
- Appropriate procedures for discussing concerns with the coaches:
  - Call to set up an appointment with the coach
  - Do not confront a coach before or after a contest or practice (these can be emotional times for all parties involved and do not promote resolution)
- What should a parent do if the meeting with the coach did not provide satisfactory resolution?
  - Call the athletic director to set up a meeting with the athletic director, coach, and parent present.
  - At this meeting, an appropriate next step can be determined, if necessary.

### **Coaching/Sponsor Concern Procedures**

It is the intent of the St. Edward Public Schools to provide an opportunity for parents and student/athletes to express their concerns and receive a timely and appropriate response. In order to ensure a respectful and professional experience, the Board of Education and administration insist that student/athletes, parents, coaches, sponsors, and board members follow the concern procedures as presented.

The procedures are as follows:

1. **Cooling off period:** There are to be no spontaneous concern related conversations immediately following a game, activity or practice. Parents agree to wait at least one (1) day after a game, practice, or activity prior to initiating a conversation with a coach or sponsor. Coaches and Sponsors agree to not participate in any conversations where the concern procedure has not been followed.
2. **Concern Report Form:** Prior to any conversations being held between a parent and coach/sponsor, a concern form must be completed by the parent and given to the Principal or Activities Director who the concern is not directed to. Forms are located with the Administration and Activities Director. The Principal or Activities Director will be responsible for delivering the form to the coach/sponsor. This will allow the coach/sponsor the opportunity to be prepared to discuss the issue. If the coach/sponsor is the Activities Director, the concern report form will be submitted to the Principal.
3. **Parent/Coach/Sponsor Meeting:** The coach/sponsor will contact the parent and arrange a time to meet with the parent, and student/athlete (if appropriate) in order to resolve the issue. Both parent and coach/sponsor agree to conduct themselves professionally and respectfully at all times.

Waivers for any of the following shall be provided for students who qualify for free or reduced-price lunches.

**Anti-discrimination & Harassment Policy**

Elimination of Discrimination. The St. Edward Public School District hereby gives this statement of compliance and intent to comply with all state and federal laws prohibiting discrimination or harassment and requiring accommodations. This school district intends to take necessary measures to assure compliance with such laws against any prohibited form of discrimination or harassment or which require accommodations.

**Preventing Harassment and Discrimination of Students.**

Purpose: The St. Edward Public School District is committed to offering employment and educational opportunity to its employees and students in a climate free of discrimination. Accordingly, unlawful discrimination or harassment of any kind by administrators, teachers, co-workers, students or other persons is prohibited. In addition, St. Edward Public School District will try to protect employees and students from reported discrimination or harassment by non-employees or others in the workplace and educational environment.

For purposes of this policy, discrimination or harassment based on a person’s race, color, religion, national origin, sex, disability or national origin constitute harassment when they unreasonably interfere with the person’s work performance or create an intimidating work, instructional or educational environment.

Age harassment (40 years of age and higher) has been defined by federal regulations as a form of age discrimination. It can consist of demeaning jokes, insults or intimidation based on a person’s age.

Sexual harassment is defined by federal and state regulations as a form of sex discrimination. It can consist of unwelcome sexual advances, requests for sexual favors, or physical or verbal conduct of a sexual nature by supervisors or others in the workplace, classroom or educational environment.

Sexual harassment may exist when:

Submission to such conduct is either an explicit or implicit term or condition of employment or of participation and enjoyment of the school’s programs and activities.

Submission to or rejection of such conduct is used to threaten employment related decisions, such as promotion, performance, evaluation, pay adjustment, discipline, work assignment, etc., or school program or activity decisions, such as admission, credits, grades, school assignments or playing time.

The conduct has the purpose or effect of unreasonably interfering with an individual's work or educational performance or creating an intimidating, hostile, or offensive working, classroom or educational environment.

Sexual harassment may include explicit sexual propositions, sexual innuendo, suggestive comments, sexually oriented "kidding" or "teasing", "practical jokes", jokes about gender-specific traits, foul or obscene language or gestures, displays of foul or obscene printed or visual material, and physical contact, such as patting, pinching or brushing against another's body.

### Complaint and Grievance Procedures:

Employees or students should initially report all instances of discrimination or harassment to their immediate supervisor or classroom teacher. However, if the employee or student is uncomfortable in presenting the problem to the supervisor or teacher, or if the supervisor or teacher is the problem, the employee or student is encouraged to go to the next level of supervision. In the case of a student, the Principal would be the next or alternative person to contact.

If the employee or student's complaint is not resolved to his or her satisfaction within five (5) to ten (10) calendar days, or if the discrimination or harassment continues, or if as a student you feel you need immediate help for any reason, please report your complaint to the Superintendent of St. Edward Public School. If a satisfactory arrangement cannot be obtained through the Superintendent of St. Edward Public School, the complaint may be processed to the Board of Education.

The supervisor, teacher or the Superintendent of St. Edward Public School will thoroughly investigate all complaints. These situations will be treated with the utmost confidence, consistent with resolution of the problem. Based on the results of the investigation, appropriate corrective action, up to and including discharge of offending employees, and disciplinary action up to expulsion against a harassing student, may be taken. Under no circumstances will any threats or retaliation be permitted to be made against an employee or student for alleging in good faith a violation of this policy.

### Multicultural Policy

The philosophy of the District's multicultural education program is that students will have improved ability to function as productive members of society when provided with: (a) an understanding of diverse cultures and races, the manner in which the existence of diverse cultures and races have affected the history of our Nation and the world, and of the contributions made by diverse cultures and races (including but not be limited to African Americans, Hispanic Americans, Native Americans, Asian Americans and European Americans) and (b) with the ability and skills to be sensitive toward and to study, work and live successively with persons of diverse cultures and races. The mission shall also include preparing students to eliminate stereotypes and discrimination or harassment of others based on ethnicity, religion, gender, socioeconomic status, age, or disability.

### **Parental Involvement Policies**

General-Parental/Community Involvement in Schools: St. Edward Public School welcomes parental involvement in the education of their children. We recognize that parental involvement increases student success. It is St. Edward Public School's policy to foster and facilitate, to the extent appropriate and in their primary language, parental information about,

and involvement in, the education of their children. Policies and regulations are established to protect the emotional, physical and social well-being of all students.

1. Parental involvement is a part of the ongoing and timely planning, review and improvement of district and building programs.
2. Parents are encouraged to support the implementation of district policies and regulations.
3. Parents are encouraged to monitor their student's progress by reviewing quarterly report cards and attending parent-teacher conferences.
4. Textbooks, tests and other curriculum materials used in the district are available for review by parents upon request.
5. Parents are provided access to records of students according to law and school policy.

7. Testing occurs in this school district as determined to be appropriate by district staff to assure proper measurement of educational progress and achievement.
8. Parents submitting written requests to have their student excused from testing, classroom instruction and other school experiences will be granted that request when possible and educationally appropriate. A plan for an acceptable alternative shall be approved by the proper teacher and administrator prior to, or as a part of, the granting of any parent request.
9. Participation in surveys of students occurs in this district when determined appropriate by district staff for educational purposes. Parents will be notified prior to the administration of surveys in accordance with district policy. Timely written parental requests to remove students from such surveys will be granted in accordance with district policy and law. In some cases, parental permission must be given before the survey is administered.
10. Parents are invited to express their concerns, share their ideas and advocate for their children's education with board members, administrators and staff.
11. School district staff and parents will participate in an annual evaluation and revision, if needed, of the content and effectiveness of the parental involvement policy.

Title I Parental Involvement Policy: This Title I Parental Involvement Policy is established in compliance with the No Child Left Behind Act of 2001. St. Edward Public Schools has a parental involvement policy applicable to parents of all children. The parental involvement policy applicable to parents of all children is not replaced by this Title I Parental Involvement Policy and shall continue to be applicable to all parents, including parents participating in Title I programs.

It is the policy of St. Edward Public Schools to implement programs, activities, and procedures for the involvement of parents in Title I programs consistent with the Title I laws. Such programs, activities, and procedures shall be planned and implemented with meaningful consultation with parents of participating children.

Expectations for Parental Involvement: It is the expectation of St. Edward Public School that parents of participating children will have opportunities available for parental involvement in the programs, activities, and procedures of the District's Title I program. The term "parental involvement" means the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring – (A) that parents play an integral role in assisting their child's learning; (B) that parents are encouraged to be actively involved in their child's education at school; (C) that parents are full partners in their child's education and are included, as appropriate, in decision making and on advisory committees to assist in the education of their child; and (D) the carrying out of other activities, such as those described in this parental involvement policy. The District intends to meet this expectation through the following activities:

1. Involving parents in the joint development of the District's Title I plan and the processes of school review and school improvement.
2. Providing coordination, technical assistance, and other support necessary to assist participating schools in planning and implementing effective parental involvement activities to improve student academic achievement and school performance.
3. Building the schools' and parents' capacity for strong parental involvement.

4. Coordinating and integrating parental involvement strategies under Title I with parental involvement strategies under other programs.
5. Conducting, with the involvement of parents, an annual evaluation of the content and effectiveness of the parental involvement policy in improving the academic quality of the schools served under the Title I program, including identifying barriers to greater participation by parents in the Title I programs, with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background, and use the findings of such evaluation to design strategies for more effective parental involvement, and to revise, if necessary, the parental involvement policies of the District.
6. Involving parents in the activities of the schools served under Title I.

Policy Involvement: Each school served under the Title I program shall:

1. Convene an annual meeting, at a convenient time, to which all parents of participating children shall be invited and encouraged to attend, to inform parents of their school's participation under the Title I program and to explain the requirements of the Title I program.
2. Offer a flexible number of meetings, such as meetings in the morning or evening. If sufficient funds are provided for this purpose, the District may assist parental involvement in such meetings by offering transportation, child care, or home visits.
3. Involve parents, in an organized, ongoing, and timely way, in the planning, review, and improvement of Title I programs.
4. Provide parents of participating children: (1) timely information about programs under Title I, (2) a description and explanation of the curriculum in use at the school, the forms of academic assessment used to measure student progress, and the proficiency levels of students are expected to meet; and (3) if requested by parents, opportunities for regular meetings to formulate suggestions and to participate, as appropriate, in decisions relating to the education of their children, and respond to any such suggestions as soon as practicable possible.
5. If the District operates a school-wide program under Title I and such plan is not satisfactory to the parents of participating children, submit any parental comments on the plan when the school makes the plan available to the District.

Shared Responsibilities for High Student Academic Achievement: As a component of the District's parental involvement policy, each school served under the Title I program shall jointly develop with parents for all children served under the Title I program a school-parent compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the State's high standards. The Parent/Student Compact is located on page 7 of this handbook.

Accessibility: In carrying out the parental involvement activities for this Title I Parental Involvement policy, the District shall provide full opportunities for the participation of parents with limited English proficiency, parents with disabilities, and parents of migratory children, including providing information and school reports required under Title I in a format and, to the extent practicable, in a language such parents understand.

Use, Distribution, and Updating of this Policy: This Title I Parental Involvement Policy shall be incorporated into the District's Title I plan, shall be distributed to parents of participating children, shall be made available to the local community, and shall be updated periodically to meet the changing needs of the parents and the school.

### **Breakfast and Lunch Programs**

The St. Edward Public School District has agreed to participate in the National School Lunch Program and accepts responsibility for providing free and reduced price meals to eligible children in the schools under its jurisdiction. For various reasons a student's lunch account may reach a low balance or a negative balance, which results in the student charging a lunch or breakfast. When a student's lunch account has a "Low Balance" (\$20.00 per family): Verbal notification will be made to the student and written notification will be mailed to the parent or guardian so that a payment or payment arrangements need to be made with the administration.

If a student's lunch account reaches a negative balance, the parent or guardian will be notified so that they can make a payment or arrangements within two school days of the notification. A letter will be mailed or sent home weekly; until the lunch account balance maintains a positive amount.

Any student with a negative balance on his/her lunch account will not be permitted to receive a second main portion, any extra ala carte items, or extra milk until his/her lunch account balance maintains a positive amount.

Procedures for carrying out this policy will be provided by the St. Edward Public School administration.

**Meal prices are as follows:** *(St. Edward Public Schools will be operating under the guidelines of the Community Eligibility Provision Plan (CEP) for the 2024-2025 school year. This program allows all students to receive the main meal at breakfast and the main meal at lunch, free of charge. The cost of any extras beyond the main meal will be the responsibility of the student's family. When not operating under the CEP, the following lunch prices and Free and Reduced guidelines will be maintained and followed as St. Edward Public Schools agrees to participate in the National School Lunch Program) Adult meals are not free and cost \$4.60 for lunch and \$2.75 for Breakfast.*

The cost for a second main entree (if available) will be \$1.00. An extra milk is \$.50. and the cost for these is the responsibility of the student. Parents or other adults wishing to eat at school should notify the office by 8:30 a.m. Parents and other adults will pay \$4.65 per meal, but no more than \$5.00 depending on the meal served.

Breakfast will be served from 7:25 a.m. to 7:55 a.m.

All school lunches served by the school or lunches brought from home will be consumed in the lunchroom unless prior arrangements are made.

Students whose families meet specific government criteria may qualify for either free or reduced-price lunches. Information regarding free/reduced price lunches will be sent home to each household. No free/reduced price meals will be served to students until the proper paperwork is completed and approved.

The secondary (7-12) lunch period is open. This means that students in grades 7-12 are free to leave school and the school grounds during this period. Students who are deemed ineligible will not be awarded "Open Campus" privileges until they return to eligible status. Students are required to sign out when leaving the campus and sign in when they return. During lunch period, no student will be allowed to go to his/her automobile. Students are prohibited from riding with anyone other than their own parents to and from lunch. After eating lunch, the students may be outside, in the gym, or commons area. High school students may not be on the east side of the elementary school or in the high school section unless a teacher sponsors them. This includes the agriculture shop.

Students, who are eating school lunch, should be sure that they are counted each morning to ensure a proper lunch count for the cooks. Proper conduct is expected from all students in the lunchroom. Failure to do so could result in loss of lunchroom privileges. The teachers will dismiss students at their respective lunch times. Times may vary due to changes in school schedules.

The breakfast and lunch menus are included in the monthly newsletter so students and parents know what will be served ahead of time.

We participate in an offer vs. serve program. The same lunch is not "served" to all students. Students are offered choices and must select three of the five choices for their lunch tray to count as a meal. Students are expected to eat the food they choose and not consequently waste food. Students will not be forced to eat, but will be encouraged to make good decisions or their actions will be monitored more closely.

In accordance with Federal law and U.S. Department of Agriculture policy, this institution is prohibited from discrimination on the basis of race, color, national origin, sex, age, or disability.

To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, 1400 Independence Avenue, SW, Washington, D.C. 20250-9410 or call (800) 795-3272 (voice) or (202) 720-6382 (TTY). USDA is an equal opportunity provider and employer.
